A name appears below only after 3 or more independent families have named the same actor in Indiana. Submitter names, emails, and contact details are never published. Comments below are direct family reports — one per family — with all identifying information removed.

David C. Bonfiglio CONTINUED 1 / 3

JUDGE · ELKHART · **18 SUBMISSIONS**

> *"Judge Bonfiglio uses aggressive, hostile and abusive language towards pro se litigants. He's an embarrassment to the entire county of Elkhart. He gave custody to an abuser without due process. He ignores constitutional rights of parents and families. He would rather destroy families than actually obey the oath he took. I've never witnessed a more unhinged judge in my life. He is a disgrace to judges everywhere. He should have removed from the bench years ago, he's almost 80 years old. He DOES NOT care about children or families at all. He threatens, yells and refuses due process. Judge Bonfiglio is ruining Elkhart County. His family should be embarrassed by his pure lack of empathy for families in his county."*

> *"He makes rulings without any due process. He orders GALS and approves their recommendations without any evidence. He orders parents to be evaluated by psychologists that cost thousands who work exclusively for the court. He will issue warrants, contempt threats and fees without due process. He recently gave a father who had 2 lifetime sex offender convictions against 2 young boys, full custody of his young son. That father ended up torturing and killing his young son after receiving full custody. The father has been convicted of murder. The need wont share that it was a family court judge that gave this monster full custody:"*

> *"A lawyer took me to the wrong courtroom, and when we realized and went to the right courtroom, the judge told me that their mind was made up and there was nothing that they could do. I would have to re-file to have that court redone and I said what do I do if my son's being abused and the lady said report it to CPS so I did and then a month later she turned around and gave him full custody They didn't wanna listen to me. I told him my son was being abused. No one listened a month later Franklin Elmore was given custody. A year later, Franklin Elmore and his wife killed my son."*

JUDGE · ELKHART · **18 SUBMISSIONS**

> *"He literally leaves all the work to GAL. He the only person that could access the whole trial from the DCS chins case to verify all my claims that I already won. Disregarded what that judge said to keep my daughter w her other siblings and me at 50 50. Like we had been for the prior years up to this."* SUPERIOR COURT 6

> *"Found me in contempt for placing my son in therapy at the recommendation of the detective overseeing the sexual abuse case for my son. Found me in contempt for staying home with my son rather than sending him to preschool despite my husband providing for our family. Ignored sexual abuse concerns."* ELKHART COUNTY

> *"Denied my motion without a hearing and ignored evidence in my custody modification case. Allowed the father to have temporary custody of the child based on hearsay without requiring a court order and without being accountable for returning the child to my custody."*

> *"He lied on my dad countless times for things he didn't do and took us out of our home for false allegations. Repeatedly lied on my dad for things he never did. Got us put on foster care for false allegations."*

> *"Violated yet another fit mothers due rights process. There was no evidence sworn and no testimonies given. Judgment was made on a 15 minute contested hearing with a flawed biased gal report."* ELKHART 6

> *"Approved a false protection order that's keeping myself away from my daughter with no facts from the athe mother. Not hearing Truth that's supported by facts filed. Giving mother everything"*

> *"Removed child at status hearing based solely on father and gal testimony. Did not have a trial based on allegations no evidence. Due process violated at status hearing."* ELKHART COUNTY

> *"He allowed my ex-husband to fail to comply with providing proof of income for a child support hearing and just took my ex-husband's claim for his income as fact."*

> *"Sided with gal report and wouldn't hear my side. Sided with corrupt gal and refused to hear child abuse police report Sided with corrupt gal"* ELKHART SUPERIOR 6

GAL / CHILD REPRESENTATIVE · ELKHART COUNTY · **10 SUBMISSIONS**

> *"She failed to fulfill her duties as GAL failure to comply with GAL guidelines. Told a judge in open court i was being "petty" due to stating safety concerns as cause for objection to her reccomendations for expanded visits. She never even met my child never spoke to care providers made reccomendations that created interference with the standing and still active protective order against my ex husband granted by Judge Bonfiglio as part of the plea deal to the felony case against him. Disregarded evidence of threats to harm my child. Would make unnecessary personal jabs at me in reports supposed to be intended to evaluate my ex husband's actions within supervised visits. Never did home inspections, never asked for pictures of anyone's environments. Disregarded claims of my ex husband's attempts at parental alienation and documented patterns of behavioral regression my son displayed as a direct result to the visitation schedule my sons autism has never been considered in reports or reccomendations and in one phone conversation I offered to submit a full diagnostic report to Mary for her report from the lighthouse autism center and said it was not needed only to then file a report stating "i claimed my son had autism but she has yet to have been provided any documents to verify that diagnosis" to which i submitted the full report directly to the court so it was its one admission to the court record. She was "removed" from our case due to supposed retirement yet she is still overseeing cases of other families."* ELKHART SUPERIOR COURT

> *"She is not legally qualified under Indiana law to be a GAL. She didn't belong to any state GAL/CASA Program, she isn't an attorney and she isn't employed by the court. She is self employed. None of her reports contain a signature. Her email is a personal gmail address, her phone is a personal cell phone and payments are to be sent to a PO Box. JUDGE · ELKHART COUNTY · **5 SUBMISSIONS**

> *"Hidie cintron is either a judge or referee im not sure the distinction. When my ex-husband filed contempt allegations against me citing atleast 7 issues only two where addressed in the hearing 1. I didnt provide tball information to my ex husband and 2. My ex didnt like my husband being court ordered point of contact claiming "rudeness" and saying he wanted direct access to me. She disregarded every other complaint and when asked about Tball I told her the schedule for Tball fell outside of the visitation schedule and per the order his visitation was once a week for 4 hours Supervised at the paternal grandmother's home. The active (still today) protective order states he cannot be where we frequent including city parks down town valparaiso james school, and other locations in or around our residences. Tball both fell out of the visitation order and protected by protection order as a place we frequent. Due to the GAL Mary raatz saying my ex should try whenever possible to attend extra curricular activities with no amendments to the visitation order she intentionally created a Grey area. When I attempted to object to the GAL report for that reason a clerk gave me I correct information I missed the court date as a result and my attempts to try and reschedule where dismissed dispite my request documented the Issues in the reccomendations. When I explained to the judge I talk to clerks following the hearing my victim assistant the local police no one could provide guidance on what to do. "not allowed to stand or speak and had to remain seated also dipite him being the court ordered point of contact who fielded all communication with my ex on the topic to aid recovery. Cintron in addition to not wanting to see my evidence to address all the issues claimed against me and my husband also continued to interrupt me and state she had only alloted 15 minutes for our hearing and we where already over that and holding up other cases. When I requested re evaluation of the GAI reports due to failure to comply with multiple GAL guidelines and also due to the conflict reports created it was cintron who denied due to lack of "timeliness" in my filing which was made after repeated requests for my GAL case file where delayed by Mary raatz and had to threaten her with a civil lawsuit to attain compliance. I was ordered in the contempt hearing to appear to court under threat of warrant for my arrest and no accommodation was made given my diagnosis which is court record and documented she had me in the same room 5 feet from my abuser and the lack of accommodation is not an isolated issue." ELKHART

"This magistrate compelled parties to agree on unsupervised visitation which resulted in the children being exposed to substance abuse, domestic violence, constant police presence, and physical and psychological abuse to the children. Ordered parties to settle on Unsupervised Visitation resulting in the children being exposed to drug and alcohol usage, domestic violence, constant police presence, and physical abuse to themselves. Magistrate denied Safe Parents to speak without threat of ,"Not ending well." For the parties and attorney."

"Refused to let me speak denied evidence of abuse, denied due process, didn't allow discovery, took away my ability to be with my children, only lets me have supervised visits for one hour a week. Allows mother and her family tto speak negatively in front of my children, threaten my life in front of my children, refuses to look at visit reports, only takes the mother's side" ELKHART COUNTY

"Brittney Obando was assigned to our case following the removal of Mary from our case to evaluate potential direct communication methods between me and my abuser dispite documented PTSD diagnosis which states isolation from my abuser was important for my recovery and already having an established third party point of contact in place. This was in December 2024 since then there has been no report submitted to date. Now in 2026 there is only an approximate time line for completion due to me filing for status update in March 2026 to which she said she needed an additional 60-90 days. It wasnt until this week that she contacted care providers for myself and my son (me for thr ptsd information my son for his play and behavioral therapist reports) ive had to resubmit disclosure permission paperwork due to previous approval expiring. When I was asked to recount the criminal action my ex husband took against us she downplayed the actions stating he was playing a character and that character was who threatened my son with harm and that character who said they would cut my breaks in an effort to dismiss action that resulted in a felony conviction in criminal court under David Bonfiglio. When I reported further attempts at parental alienation with witnesses documented and available for statement or testimonials she never contacted them instead contacting my ex husband for his opinion to which my ex basically said I was the one committing parental alienation against him and when obando contacted me to follow up said I should refrain from adult topics being discussed infront of my son. This is after discussion already documented that IF adult topics need discussed with my son it is done in the presence and guidance of his therapist to ensure my son is not negatively impacted like"

THE HEADLINE NUMBERS

INDIANA AT A GLANCE.

Across 187 Indiana families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Indiana families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF INDIANA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	124	$15,000	$37,279	$4,622,550
Lost Wages	96	$10,000	$240,585	$23,096,140

Median Family Burden (91 families reporting 3+ categories)	—	$66,000	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($17,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

I've spent/lost 25,000$ all together in 3 months and I'm already exhausted, after 40 open and close assessments since becoming a mother it's been horrific and traumatic, constantly scared to death my kids will be snatched out of school etc and for no reason my son now is begging to talk to the judge and his dad won't let him..

I was actually able to get a good judge who listened to our 3 day long hearing and I won legal custody and split physical and he had to pay me child support. He appealed that and lost, then appealed again and lost. And ever since he has been fighting to figure out how to change it. We have had two custody evaluations, worked with a parenting coordinator twice, had a GAL, co-parenting therapist, all of the kids and myself went to therapy, no one will stop him! My attorney and GAL said that they have never seen anyone like him get stopped. They just keep going till they get what they want. Everyone has seen the pattern-the GAL told me the first time she met me but never did anything about it. I'm exhausted and headed to mediation again soon.

The system destroyed my family. When parents need both parents they favored one! Sure I made a mistake but to pay for the mistake for years and years. Even after I did all classes that was asked of me. I went from primary custody parent to only 5 hours every Sunday. I went from receiving 112 a week in support to paying $800 a month in support. My ex abused the court orders. Gave me visits based on if he felt I deserved visits. I tried to inform the gal she ignored me. The gal only visited my ex home and spoke with ex witnesses. Never visited my home or spoke with my witnesses. She ignored that I completed all my courses. My attorney never spoke up in court when asked if I completed the courses.

I've spent everything I earned in 50 yrs and retirement trying to find someone that would simply read the black and white to no avail. Now to top it all after loosing my fiancé, father, grandmother, and my only 2 daughters along with my ability to walk I'm going to be put in prison over child support when I have never been behind until the wreck where I was nearly killed. My children, reputation, everything I've bought and paid for has been stolen while in jail or sold to get out. My home will be the last thing I loose along with my freedom here in three weeks.

It has caused me to miss out on every milestone my children have had. They have missed out on their baby brothers life.

— ANONYMOUS PARENT

For more than three years, the actions taken through the Elkhart County family court system have devastated my family emotionally, financially, and psychologically. Despite no DCS case, no finding that I was an unfit parent, and no allegations of abuse or neglect being substantiated, I was forced into a system where strangers were given authority over my relationship with my child. I was ordered to pay for a Guardian ad Litem, supervised visitation, drug testing, and expensive psychological evaluations while being denied meaningful due process and accommodations. My son was separated from his siblings and primary caregiver, supervised visitation was repeatedly restricted or suspended, and my family has lived under constant fear, stress, and instability ever since. My children have suffered emotional trauma from losing daily contact with their brother, my children have had to live with the fear of their mother being arrested, and every aspect of our lives has been affected by ongoing litigation and court control. Instead of helping families heal or co-parent effectively, the system created more division, conflict, financial hardship, and emotional harm, leaving lasting damage on innocent children and families.

— ANONYMOUS PARENT

Sean Persin has endangered enough children and needs to be held accountable for destroying families. He sides with abusers and rules against the female regardless of the heinous crime the man has committed including abusing an innocent child. Enough is enough.

— ANONYMOUS PARENT

The system protects the false illusion of reunification while taking children and portective parents from each other. They lump all cases into one format and when you dont fit they punish protective parents in a speak out then watch out mentality.

Ex used old therapy messages without disclosing to opposing counsel as evidence of substance abuse, but there weren't any. I took 2 90 day hair follicle tests to debunk his allegations, and the judge seemed to just ignore my proof. They have destroyed our family and bond, delayed reunification lied many times in court reports and at other times, horrible experience, cant provide services as should. We sought alot of aervices on own. Delayed referrals also. Denied access to child's dental medical records

— ASHLIE AND FRANKLIN

This system has sent my 6 year old son to a crisis unit for suicidal ideation. I truly believe had intervention occurred earlier through my legal counsel, this could've been avoided.

— KELCI

I'm going through a high conflict divorce because of feelings. Mother filed a fake protection order on me June 3rd to try to get the courts to keep me from seeing our daughter but ordered me to pay child support. Judge bonfiglio put the protection order with the divorce when it should be separate. I turned in evidence at that time last June and the order still hasn't been heard. So I've gone a year without being able to have any communication with our daughter which is going to make it harder trying to build our bond back since she has been under the influence of negativity. I've missed time and it's costing me and haven't gotten anywhere. I've turned in proof from witnesses stating that mom is out to ruin me. With that order they took away my rights to carry and protect myself and my family. There's a bunch more. This is wrong on all levels. Girls need their dad's without feeling guilty

— RIC

Took away my rights as a mother time away from my son time spending with him cost me thousands asking the same thing over and over again.chose an abusive parent that now has custody.

— AMBER

The system showed me that the court system as a whole is extensively flawed. The system is a popularity contest of who knows who; not justice.

Throughout these proceedings, I have presented evidence that I believe demonstrates a continuing pattern of manipulation, coercive behavior, and abuse. Despite the evidence submitted, my concerns were not reflected in the court's rulings or findings. As a result, I believe that significant aspects of the family dynamics and the impact on my son were not fully considered during the proceedings. In addition, I have incurred legal expenses exceeding $100,000 in connection with this matter. Despite the substantial financial and emotional burden of prolonged litigation, I continue to receive court orders requiring my participation in ongoing proceedings. The cumulative effect of these proceedings has placed significant strain on both me and my son and has left me with serious concerns regarding the fairness and effectiveness of the process.

— ANONYMOUS PARENT

This 3 part corruption of all branches of government, made it unsafe for me to be near my son. The gang stalking by police, the pretend public defenders, the corrupt prosecutors, placed over 5 federal informants to spy on me and unalienable me. I missed a bullet by 6 inces after an incarceration with no charges, bail, bond or magistrate or book in. It was a premeditated arrest to have me murdered in an "drive-by"

Bonfiglio never has a clear answer. After being investigated multiple times by the fbi you'd think he'd be removed from the bar. But here he is today still violating due rights process of good parents and not acting in accordance to law causing distress on families and children. It has alienated my sons from me. My rapist has custody of my children and withholds them from me whenever he wants. Its torn apart my family as I raised them on my own until 2021

They killed my son. They took my happiness. I feel like I walk eggshells every day and make sure my two-year-old is safe. They took trust for me. They took things for me that I'll never get back. The Guardian ad Litem, Sybil Sharvelle, appears to have been brainwashed by the father and claimed the mother is psychologically abusing the child after the child disclosed sexual abuse by the father for the second time and a PO was issued by a preponderance of the evidence by one judge, then transferred to another judge who dropped the PO and the child was taken by the father who received sole custody.

Damaged me like I was never their mother and telling my kids i never loved them or cared for them after case ended and how they also said that in court about me but not the father's not caring or loving them only me. They harmed me and I've done nothing wrong, sure I needed help with Environment living but they refused to help while having the funding. I deserve my kids back and a lawsuit with all the things I was put through. They truly don't have any idea what they are doing. I know my kids will resent them for allowing my family to talk about me in a negative way because they know I know they are abusive and they hate me for it too but why have my kids if you don't like me? They are part of me regardless but they act like I was never the mother to them. I don't want my family having any access to them due to their behaviors towards me..My kids don't need to be around that type of behavior towards me. My family has no respect for me or any care about me or how I feel hence why I can't see my kids is because of their behaviors.

I have lost immeasurable time and experiences with my boy, ultimately losing my identity. I have had to turn down jobs, career paths, dreams, emotional connections with so many people who don't understand what I have gone through.

Created diversion, chaos, and emotionally trashed my family, sat back and watched the diversion they created... And used it for their own financial gain.

I begged the court to intervene and act in a protective and problem solving capacity. It failed to do so, causing tremendous emotional, mental, and financial harm to our entire family.

This system has made it impossible at this point to have any civil coparenting structure moving forward. What they thought would be best, has only made it worse.

This high conflict divorce with children case has lasted nearly 8 years now, has cost the children and I over 40k, too much wasted time with failing Family Case Managers, and poor decision making skills from a newly promoted Magistrate. The failure of this system has caused the need for therapy and has caused the children not to trust adults in authority positions.

This system has torn my family apart through years of exhausting court battles, inconsistent visitation, and decisions that made me feel unheard as a mother while my child lost precious time with family who loves him. Despite everything, I've continued fighting to stay present, protect my children, and hold onto hope that one day fairness and healing will come for our family.

They are not just putting a mother and child through trauma; they are shaking an entire family. As a grandmother, watching my grandchild's sense of safety, routine, and connection be disrupted during critical developmental periods, while feeling powerless to protect them has been heartbreaking. This system does not only impact parents, but it also impacts the generations standing behind them trying to hold a strong and loving Christ loving family together.

It has damaged me and my family. My oldest son has been taken from us all. He has a younger brother who talks about him daily. Who wishes he could see his brother and wonders why it has happened. It's affected him in ways we can't help 😔.

It has completely made distrust with the system, the law is scared of the word family law. Allen County is a County where people help the abuse. My son's dad was allowed to come after my daughters. Everyone keeps saying this doesn't involve them. But the hurt and loss of loosing a sibling the most disgusting way. We have to watch wear we go or we get attacked from the abuser. My whole family.

My son Alex is now 20 years old, the same age I was when I had him, and I haven't seen him since he was 12. When he finally got Facebook, we were able to start messaging back and forth to keep in touch a little bit, but he has a whole life that doesn't include me now. For all I know, he hates me. Or is mad at me at the very least. And as he should be. I promised to never stop fighting until I brought him home and where did we end up? I've become a stranger to him, just someone he used to know, a person of the past. And I don't know anything about him anymore either. I don't know who he is or what kind of person he's turned out to be. I don't know what matters to him, what drives him, what his vision for life is. I don't know what his purpose or passion is, what inspires him, what his dreams or life goals are. I don't know if he has a girlfriend, if he has a job, what his plans for the future are, what his favorite food is, what his hobbies are. He's my son and, because of my government, the *justice* system, we are complete strangers.

> The family court system separated a child from his primary caregiver, disregarded documented medical, educational, and developmental concerns, and replaced a healthy, thriving mother-child relationship with years of litigation, financial devastation, and reduced contact. Life-altering decisions were made by people with only brief involvement in my child's life, while those who knew and cared for him most were minimized or ignored.

> The decision of one person cost my son precious time during very formative years of his life. He lost varsity spots on teams, he lost the ability to walk with his class on graduation day and he lost the opportunity to visit the nations capital. This one person made our families life a nightmare for nearly a year.

> My mom lived with me I was POA and her healthcare rep. My sibling took her and never brought her home. Her boyfriend works for the police dept so they would not help me. There was a huge conflict. I fought my siblings for going on 2 in a half years my sibbling that took her got guardianship, I was isolated from her for 2 years .. after my sibbling used my moms social security for 2 years and purchased a Harley Davidson and new garage she submitted she could no longer take care of my mom.. She put my mom in a nursing home in a locked ward without a court hearing. The only hearing was about selling her home to pay for it and that's what happened. I've asked the clerk if there was a hearing and she won't respond in writing, so if there was myself or my siblings was not notified, then after the fact of telling police my mom was of sound mind my sister sued me for my house admitting my mom was not of sound mind as of a certain date that was way b4 she kidnapped her, this is proof of undue influence and criminal financial exploitation and much more. I want my mom to come home.. laws were not followed least restrictive alternative was not even mentioned.

> They've taken the only thing that I've ever done right away from me.. I was a good mom. I am still a good mom and I love him with all my heart and I would do anything for them and they have turned them against me meaning they totally cut me out of their life and they treat me as if I'm the enemy and I've done nothing to them. Nothing...

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Indiana report comes from Indiana respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Indiana — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 187 Indiana families reporting here are not the universe of Indiana families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
