THE HEADLINE NUMBERS

ARKANSAS AT A GLANCE.

Across 32 Arkansas families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Arkansas families — and families in every state — would stop being invisible to the data. This report is their record.

02 THE COST OF ARKANSAS FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	32	\$7,250	\$52,234	\$1,671,500
Lost Wages	32	\$500	\$195,781	\$6,265,000
Other Court Fees	32	\$0	\$10,156	\$324,980
Therapy / Evaluations	32	\$0	\$5,928	\$189,700
Reunification Services	32	\$0	\$128	\$4,100
GAL Fees	32	\$0	\$10,483	\$335,450
Asset Loss ¹	32	\$0	—	—
Estimated Median Family Impact	—	\$7,750	—	—

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median (\$0) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

06 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Arkansas report comes from Arkansas respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Arkansas — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 32 Arkansas families reporting here are not the universe of Arkansas families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – April 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics (email + name + submission date) are applied before aggregation. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*.
