THE HEADLINE NUMBERS

MONTANA AT A GLANCE.

Across 33 Montana families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Montana families — and families in every state — would stop being invisible to the data. This report is their record.

02 THE COST OF MONTANA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

Expense Category	Responses	Median	Mean	Total Reported
Attorney Fees	22	\$11,500	\$34,564	\$760,400
Lost Wages	20	\$7,500	\$54,139	\$1,082,780
Other Court Fees	16	\$625	\$2,341	\$37,450
Therapy / Evaluations	20	\$1,350	\$5,013	\$100,259
Reunification Services	14	\$0	\$1,436	\$20,100
GAL Fees	14	\$0	\$879	\$12,300
Asset Loss ¹	16	\$60	—	—
Estimated Median Family Impact	—	\$21,035	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median (\$60) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

Stolen time of parent-child relationship. Deprived the ability to give or show love I can create more incentive to do better for them and yourself deprived of a chance to rebuild and strengthen the bond deprived of a sense of belonging leaving feeling more lost and unwanted or abandoned which leads to more people seeking addictions for a brief high for a sense of comfort or belonging or support generalized family with unity is drifting away all for money in the system they don't want and middle working class they want a rich and a poor and people don't open their damn eyes and wake up and stand up for nothing we're going to be f***** look what our veterans fought for We the people family unity one nation under God you don't have to believe in God but I do but just means take care of one another just like Jesus Jesus try to unite people and he wanted to have a common sense and the power of what can happen and the government didn't want that hell no they try to shut his ass up man but he still Rose going to go kick their ass didn't want to have the truth because they still wanted the power that's just like religions no matter what religion you are everything and a story is still altered depending on who needs to control what and how but the root of it is there is still something more than what we are if you know when you believe because even desolate little tribal people that don't even see normal people they still have common pictures of visions of around the world and of other people and the government from the beginning didn't want that they wanted to control hence the different religions and bibles and perceived concept of story is we should be making new Bible stories

— HEATHER (1/2)

we're fighting for women and children and family unity the general sense of the four foundation all for temporary materialistic b***** unless you don't believe you are something more than what you are because by the grace of God I'm still freaking here but I'm at the end of my rope emotionally and mentally but I got it all organized printed off I just need a chance to be heard I'm a glitch in the system I survived and this all began and I had to live on the street before I got into my apartment years ago if it wasn't for some people that I met on the streets that helped me reinstall my faith and made sure I didn't commit suicide when they ripped my kids away and all this kind of stuff I won't be here today and it's by the grace of God cuz they were there for me more than my real family so I have a story to tell in multiple ways with proof behind it to back it in more than one way if I can just have a chance to be heard. Because I have gone through hell things that even my psychiatrist when I first started going to her she had to talk to the public defender social workers years ago to verify what I was saying was true that's how surreal it is..

They used my father's false diagnosis of Alzheimer's to pin me for a mental illness because my ex wife was a nurse. They then took Alzheimer's off my father's record and said he had Parkinson's due to his agent orange exposure. They mixed up my father and my medical records in the medical system and tried killing my current wife because she saw through the slander. They were prepared to let me die as well with a tumor in my spinal cord and hid it behind the false allegations of racism and discrimination. 07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Montana report comes from Montana respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Montana — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 33 Montana families reporting here are not the universe of Montana families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – April 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 5 independent families name the same actor.
