Ashby Jones CONTINUED 1 / 2

ATTORNEY · LEXINGTON · **10 SUBMISSIONS**

> *"After April Sampson advised she could no longer handle my case, representation was transferred to Ashby Jones. Before and during representation, my husband and I disclosed the full background of the case, including his prior history, DSS-related matters, and the concerns we believed would arise in litigation. Despite this, we were later told that counsel had not been provided the "full report" or complete information regarding my husband's history, which I dispute. The primary goals we retained counsel to pursue remained: * removal or challenge of the Temporary Restraining Order, and * addressing concerns involving the Guardian ad Litem. Despite substantial legal fees, little substantive progress was made toward those objectives. Much of the work appeared focused on reviewing emails and communications, after which additional retainers were requested. I also experienced concerns regarding: * communication, * strategy, * responsiveness, * and failure to aggressively pursue requested relief. After terminating representation, I experienced delays obtaining my complete client file, including physical documents I had personally delivered to the office and communications exchanged on my behalf. These delays impaired my ability to continue protecting my legal interests in an ongoing custody matter. Given the seriousness of the issues involved, the substantial fees incurred, and the limited progress toward the objectives for which counsel was retained, I am requesting review of the representation and billing practices in this matter."*

> *"She listened to the false information Jane Waters was telling her about me instead of listening to what I was saying, she placed blame on me so she could remove herself from my case instead of telling me she didn't want this case anymore bc of how dangerous my ex is. She left me 2 wks before mediation. She told me she would do a deposition and never did it. I spent a month working on material for her to use for the deposition."*

ATTORNEY · LEXINGTON · **10 SUBMISSIONS**

> *"Highly unethical. Labeled me as racist, right winged, "anti-vax" (even though it was only covid vaccine), etc to throw the emotions of the judge. Ashby has zero concern for the welfare of children. She is very expensive and if you have money, she can unethically flip a case for you."*

> *"Absolutely unscrupulous in false allegations in court...no police reports, no arrests, nothing to substantiate it but the court continues to allow it. Dragging on for more than 2 years."*

> *"Thinks she's God, forces her clients to follow HER strategy or she'll drop them. It is strategy over safety no matter what."*

GAL / CHILD REPRESENTATIVE · RICHLAND · **5 SUBMISSIONS**

> *"She ignored that a child abused was best friends with my ex. Nathan Ginter is best friend with my ex and he is serving 40 yrs in prison for child abuse, my ex talked to him daily in prison before he bonded out. She ignored all of my concerns of safety for my son. My ex is a drug addict with no childcare plan and no legitimate place of employment. No one knows where his income comes from our where he gets money to pay bills. She called out parental alienation and did nothing about it. My lawyer and her agreed it was severe. She sent my son to a biase counselor and caused more harm to my son. The psychological abuse is severe and on going."*

> *"She was biased towards father and spent little time with or listen to kids. Also pursued contempt charges towards me regardless of my ongoing $30 monthly payments- she expected 300 min monthly. And then essentially told me I shouldn't expect her to do her job- it was father who wanted her and I said I could not afford but had no choice."* LEXINGTON

> *"Did not seem to care that I had always been my children's primary caregiver, and my three year old daughter was given to her father with primary custody. When I would address issues she did not seem concerned about my children."*

Amanda Mueller

MEDIATOR · LEXINGTON · **4 SUBMISSIONS**

> *""The mediation process exposed what I believe is one of the most dangerous realities of family court: temporary emergency allegations can evolve into long-term parental erasure through financial pressure, stigma, and procedural imbalance — even without criminal findings, DSS involvement, or updated judicial review. Instead of functioning as a neutral space for resolution, mediation with Mrs. Mueller felt like pressure to accept permanent restrictions and invasive conditions that would never be tolerated in many other areas of civil or constitutional law.""*

> *"Has had only 1 in person interaction with me which was an initial interview in September of 2024 & no contact since. She maintains VERY consistent contact/communication/interaction with estranged spouse and I get the excessive bill for half. Court won't do a thing about it."*

> *"Worked for CPS prior to atty, also a GAL, Told me my ex's stories are more 'believable' and said "I don't know what to tell you" when I asked her what I should do if I hypothetically had another very real concern about kids safety."*

Christi Zerega CONTINUED 1 / 2

THERAPIST / COUNSELOR · CHARLESTON · **4 SUBMISSIONS**

> *"Therapist dropped my case after I shared ex partner emotional abuse event towards my children - I told the therapist prior to this event, abuse would happen to my children when using a technique she wanted me to use - she dropped my case with no referrals and lied about my participation in session. Her notes have inaccurate information reported. She reported false information about financial abuse events I experienced (victim) and presented me as paranoid - though she provided no clinical care or intake, and the services provided were supposed to be only interventions. She violated confidentiality, reported inaccurate clinical labels based on defamation from an abusive ex (she met with too) & lied about my participation - she was unwilling to speak with me after she sent this inaccurate information to 3rd parties, Multiple levels of malpractice and as I was trying to get help for my family she greatly harmed my case through lying, unethical actions based on her license, and she should loose her license. She causes harm to this client & children."* CHARLESTON COUNTY

> *"Can't take notes, passes the buck, zero accountability, seems to have NO ACTUAL PURPOSE other than charging fees for a service set up by a GAL, changes her stories from minute to minute. Keep a careful eye on her and take perfect notes. She is off the chains. HER NAME IS MISPELLED! it is Christi Zerega. She is a liar, useless, can't keep anything together, covers her ass, and puts blame on anyone but herself. She lies, her job to "reunify" is a total joke. She doesn't have any capacity or authority to do anything. Moving goal posts, no clear role, changes story, false reporting to GAL, literally no idea what her purpose is other than to pass the buck"* CHARLESTON, SOUTH CAROLINA

> *"She is a liar. She plays all sides and will tell you exactly what you want to hear and then completely dog you to everyone else. She is a puppet to the GALs and so unethical it's truly unbelievable. My lawyer deposed and she was a huge mess and was caught in lies multiple times. JUDGE · LANCASTER COUNTY FAMILY COURT SIXTH JUDICIAL CIRCUIT · **4 SUBMISSIONS**

> *"Coreen Khoury participates in ex parte communication. She will use your kids as leverage (place them in foster care) to make you comply. She has no understanding or knowledge of domestic violence and therefore should never be allowed to make rulings in such cases. This places children's lives and well being in very serious danger. During the divorce from my ex who was highly abusive she threatened to put my child in foster care if I didn't alter my sworn testimony so it wasn't so damning to my ex. She also separated my two daughters. Gave custody of my oldest to her father because of the domestic violence at my house that was perpetrated by my ex who I hadn't been with in over a year. She allowed me to have joint custody of the youngest daughter that I share with my abuser.After court my ex kidnapped my daughter it took two years to get a court date that she continued and then dismissed after I told her I had not seen my child in 2 years. She gave advice to my ex on how to obtain custody during a child support collection hearing. I wasn't present for . . Signed papers saying I abondaned my child . Signed search warrants for DSS with no real complaint. Has never made my ex pay a dime in child support. Actually suspended his obligation in exparte communication. . After I locate my daughter 4 + years later this judge gives my ex temporary primary custody. He hasn't allowed me a single visit. My daughter finally run away from his home and discloses the abuse with audio evidence she has endured for years so the judge puts her in foster care where she has been since the discoosure . Currently in a group home and they are still allowing visits from her father not to mention I was forced to proceed unrepresented each hearing."*

She has refused for me to have my rule to show cause motion heard for over a year, despite clear evidence that my ex has committed perjury in court and is refusing to follow over ten orders, leaving me and our children in financial ruin with $0 in support from him. She has refused to order child support or alimony in my case. She has continued trial with no documentation that supports the need to do so. She has refused to hear multiple motions of mine asking for reconsideration of temporary orders."*

Gave my ex husband primary custody of our two daughters who were 3 and 7 when I had always been their primary caregiver. She also changed our custody schedule from week to week to me only seeing the kids every other weekend. There was no cause for this, the schedule was not the issue. Gave my ex primary on everything and primary custody after years of me being primary. He had never been to the dentist, orthodontist, doctor appointments, etc, probably couldn't tell you who their doctors are. She saw me as a conservative and she is very liberal. She pushed her ideas onto me and "judged" me for being different than her. The funny part is that my ex is similar in political viewpoints, but his lawyer is slick and had him pretend. THE HEADLINE NUMBERS

Across 137 South Carolina families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so South Carolina families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF SOUTH CAROLINA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	94	$20,000	$116,426	$10,944,003
Lost Wages	74	$25,000	$115,470	$8,544,769
Other Court Fees	56	$3,000	$19,781	$1,107,742
Therapy / Evaluations	73	$5,000	$8,265	$603,325
Reunification Services	37	$1,000	$5,822	$215,400
GAL Fees	87	$7,500	$14,680	$1,277,202
Asset Loss [1]	57	$45,000	—	—
Median Family Burden (88 families reporting 3+ categories)	—	$107,000	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($45,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

Our lives will never be the same. Had i not actually lived this, I would never believe a system designed to care for the best interest of the children has turned into what is in the best interest of themselves and then promoted to director the same day temp custody was ordered and they had closed their case all in less than 6 months.

Family Court is nothing but an extortion ring filled with corrupt court actors lining their pockets at the cost of children. Biggest child trafficking agency in the world. Children left traumatized over and over again while stable loving parents loose everything.

— ANONYMOUS PARENT

“I have watched a family court system operate with less accountability and fewer protections than criminal court, where stigma, financial inequality, and abuse of power can separate a devoted parent from their children without the level of due process many criminal defendants receive. False allegations can become permanent without meaningful judicial review, opinions can outweigh facts, and mental health can be weaponized and stigmatized regardless of diagnosis or actual parenting ability. No criminal charges were filed, no DSS findings existed, yet a broken system still had the power to erase me as a parent — stripping away fundamental civil liberties, due process, and years of irreplaceable time between a mother and her children. The greatest long-term damage is not what happened to me, but what happens to children forced to grow up without understanding why a loving parent disappeared from their daily lives, while financial power and control outside the courtroom pressure parents into surrendering their rights simply because they cannot afford to survive the fight.”

— ANONYMOUS PARENT

I left an abusive marriage only to be abused by the system. I have been completely devastated that the children have no voice. No one seems to care.

— ANONYMOUS PARENT

This family court system has shown my son everything I have raised him not to be but because of this corruption throughout our country it’s the most devastating money racket that teaches children how to lie, cheat and steal and use the courts to get away with the crimes.

Multiple people in the DSS system repeatedly apologized and said this should never happen. I don't trust DSS leadership, I learned they are a love, hate relationship. The system has taken my oldest son from a large, loving family with over 30+ extended family members including three siblings that miss him dearly, and given him to a mentally sick chronically single woman who lives with her mentally sick chronically single mother. It has robbed us of every penny my wife of 12 years and I had in our retirement, savings, and bank accounts. It continues to pull us back and impose extra fines for inability to pay previous fines. We have three small children and are now forced to give up our home due to financial ruin.

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this South Carolina report comes from South Carolina respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in South Carolina — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 137 South Carolina families reporting here are not the universe of South Carolina families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – November 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
