WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Tennessee families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF TENNESSEE FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	75	$17,000	$47,045	$3,528,390
Lost Wages	70	$10,000	$61,231	$4,286,200
Other Court Fees	42	$500	$3,587	$150,650
Therapy / Evaluations	49	$2,000	$4,732	$231,867
Reunification Services	39	$860	$2,071	$80,755
GAL Fees	34	$1,250	$4,144	$140,900
Asset Loss [1]	54	$10,000	—	—
Median Family Burden (56 families reporting 3+ categories)	—	$83,375	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($10,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

I saw the judge in February was ordered to give him the medication so I did except I missed three evening doses due to him, falling asleep. The caseworker came in took pictures so there's proof only three doses were missed. Told me she would be taking my children not that day, but she would be taking them. She did less than a month later and told me she would have them for no less than three months that was seven months ago. Dcs closed my case without ever going to court this time. They told lies they broke me, their dad my mom & dad my nieces & nephew's my sister & my grandparents, their sisters, which I still have shared custody of most of all they broke my children we have to all stand up and cry out in one united voice NO MORE STEALING OUR CHILDREN We have to be heard

Family court is broken! Judges need to be held accountable and not protected by the system and allowed to do whatever they want. > It took my family away,forced my son to stay with his rapists,took my jobs and prevented me from going to school, work, or have a business. I was put in jail on false allegations,had my bond revoked and doubled twice and after I had a property bond I was put in jail for child support, even though I was paid up current. Effectively preventing me from being able to represent myself properly and the " elbow counsel" refused to send out subpoenas or anything else. This format is unable to allow me to write out twenty five years of being terrorized by these people. I have a four drawer file cabinet full of stuff.. I've had "advocates" from the battered womens shelter fired for harassing me after court,only for her to get hired in the clerks office. Therapist recommended kids be removed from mother's home due to severe gaslighting and psychological abuse. He removed oldest and left the youngest at 50/50 and this caused the alienation. Dad no longer sees or talks to youngest (17) due to alienation (child is not allowed to have a phone or visit dad).

I went into family court trying to protect my children, present serious concerns, and maintain stability, but I felt unheard while the outcome gave equal parenting time and left important safety, communication, child support, and property issues unresolved.

I've lost my boys because of the financial abuse but my ex-husband, through the system. No one to help me. I lost my home now, everything. Just don't know how to keep going anymore.

Taken in sept 2025. Constant continuances and court costs. They all lie about everything and refuse to give me documents which are my right by law. Do not follow TCA codes but yet spit them back in my face when convenient for them to do so. The judge is biased and rules on his opinions instead of following the state laws and statutes. Has move my grandson over 300 miles away without said notice,objection,or court hearing for a order. Has not done a comparative testing for the false fentinyl allegation results for respiradone use.

Kidnapped my child across state lines on false allegations with bad signatures and notarization on petitions based on events that took place 3+ years ago and/or in another state. 3 states total.

This system pretty much broke up my family after their mother got deported. Also since then my mental health hasn't been the same.

— ANONYMOUS PARENT

This system has made me feel like I'm a bad parent because I only make minimum wage and live paycheck to paycheck

— ANONYMOUS PARENT

They have lied about the safety of my children and puts my children with their father who has a restricted license and 2 DUI's, calling him a "better fit parent". Alienated me from my daughter for 2 years, and revoked my primary custody right because I refuse to live in a state with my abuser and my daughter is considered property of the state because she is "born there as a citizen."

— ANONYMOUS PARENT

The fake judicial system has ROBBED me of my children and his attorney has willingly corroborated w my ex to keep my children from their GOOD, LOVING Mother. It has nearly cost me my life! I have a text message from my Ex alluding, very manipulatively, that he would push me to suicide and he would have NO REMORSE!! End qout!

Due Process is a joke in Williamson County. the Court works directly for DCS and a pro se parent has a huge battle to stay afloat.

— ANONYMOUS PARENT

My daughter was kidnapped from me, based on a false accusation that was never investigated prior to action. I have extensive evidence proving my innocence but not enough money to continue fighting for much longer. My daughter never feared me, until she was told to fear me.

There is no good reason o should not be allowed in my children's lives. They want thier mother and the system took that from them with absolutely no good reason. I have always been a fit parent.

Living in a DV shelter didn't help my case. My abuser continues to emotionally abuse me through the court system by taking them away in a passive aggressive manner.

The trauma is unlike anything I've ever experienced. I had to get on situational anxiety meds, I didnt sleep, lost weight and was in a bad place. Knowing our state has a lawsuit against DCS for ABUSE of chidlren with disabilities and that we already had years of inadequate ADA access with NO help anywhere made it so much worst!

They hold her hostage despite her begging and pleading for money. That's all they ever care about is if I'm paying money, even when my at the time 9 year old writes them a letter begging for help.

The system has allowed my covert narcissist ex to continue to abuse me and our child by allowing him to intentionally harming our child, corrersive control me, financially destroy me and my family, all for the sake of parental fairness instead of child's best interest. The lack of accountability has allowed him to violate court orders giving him full rein and enabled him to continue to abuse our child regularly as well as me... which was the entire reason I left him in the first place!

The family court process moves at the speed of procedure, but childhood moves at the speed of time. While hearings, appeals, and delays continue, my son and I are the ones paying the price—through distance, missed moments, impeded communication, and a relationship that requires thousands of miles and thousands of dollars just to preserve. I have spent over six years being a stay at home mother and over $18,000 fighting simply to remain in his life after the judge awarded primary custody to the father last year.

It has destroyed all three of our lives. I have extreme panic attacks, my son is ten and in therapy and has extreme anxiety, he has trust issues, separation anxiety he will never live a normal healthy life the system has destroyed any chance of that then they wonder why people have mental breakdowns and freak out

The sexual abuse case against my stepdaughter put a wedge in my family that we never got over but it's year after year medical neglect physical abuse educational neglect I'm on drugs got to take mental evaluations so it's really put a wedge in between how I raise my child I'm dictated by the system on how I raise my child

I have been alienated from my children from the last eight years. My youngest has tried to commit suicide twice because of this situation she has been in state custody twice because of the situation I'm forced to pay almost $1300 every two weeks in child support, I asked for a modification over a year ago. I had just been furloughed from my job. Didn't have a job. They still increased my child support.. They took over $11,000 in income tax in 2026. They have made it impossible to survive. I have a court date in June they have an oddly attachment on me and want to lock me up because of child support this whole case needs dismissed!

This has caused my family mental distress, homelessness. And separated my child from the only person who has been a constant in his life. He is now bullied in school and told things have been done to him that haven't we are missing the most precious time in his development and was stuck in a house watching my granny die the whole time. Then told to keep it from me.

— FELICIA

My ex has played the system she has canceled mediation now 5 times been thru 3 different lawyers. Says I can have her anytime I want I have asked hundreds of times and always a no. Ive offered to watch her on holidays. To be told I didnt tell her I was off that day. I only get extra time when its convenient for her.

— JESSE

Despite completing my case plan, maintaining my sobriety, passing drug screens, and being found safe to parent my newborn by another Tennessee DCS investigation, the system continues to keep my son from me without clear justification. This ongoing separation has caused severe emotional harm to both me and my family and has made me feel trapped in an inconsistent system where reunification keeps being delayed despite my compliance and progress.

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Tennessee report comes from Tennessee respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Tennessee — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 137 Tennessee families reporting here are not the universe of Tennessee families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
