

THE FIGHT FOR AMERICA'S FAMILIES

Exposing the Corruption in Family Courts and CPS.

They took my kids. They tried to silence me. They WON'T.

THE HEADLINE NUMBERS

TENNESSEE AT A GLANCE.

Across 76 Tennessee families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Tennessee families — and families in every state — would stop being invisible to the data. This report is their record.

02

THE COST OF TENNESSEE FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	42	\$16,500	\$52,524	\$2,206,000
Lost Wages	41	\$5,000	\$52,591	\$2,156,250
Other Court Fees	24	\$422	\$3,095	\$74,275
Therapy / Evaluations	30	\$1,800	\$5,291	\$158,740
Reunification Services	27	\$725	\$2,296	\$62,005
GAL Fees	24	\$600	\$4,696	\$112,700
Asset Loss	33	\$10,000	\$94,461	\$3,117,200
Median Family Burden (30 families reporting 3+ categories)	—	\$83,375	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least \$1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

Completely isolated, my whole family the people they grew up, loving you and knowing and gave them to a woman who was practically a stranger all because I was concerned about my oldest son cystic fibrosis medication damaging his liver. I see them once a week now, but was completely isolated no contact without a court order For nearly 3 months. was pretty much forced to sign a stipulation that against my better judgment I done because it is supposed to get my children back soon. I saw the judge in February was ordered to give him the medication so I did except I missed three evening doses due to him, falling asleep. The caseworker came in took pictures so there's proof only three doses were missed. Told me she would be taking my children not that day, but she would be taking them. She did less than a month later and told me she would have them for no less than three months that was seven months ago. Dcs closed my case without ever going to court this time. They told lies they broke me, their dad my mom & dad my nieces & nephew's my sister & my grandparents, their sisters, which I still have shared custody of most of all they broke my children we have to all stand up and cry out in one united voice NO MORE STEALING OUR CHILDREN We have to be heard

It took my family away,forced my son to stay with his rapists,took my jobs and prevented me from going to school, work, or have a business. I was put in jail on false allegations,had my bond revoked and doubled twice and after I had a property bond I was put in jail for child support, even though I was paid up current. Effectively preventing me from being able to represent myself properly and the " elbow counsel" refused to send out subpoenas or anything else. This format is unable to allow me to write out twenty five years of being terrorized by these people. I have a four drawer file cabinet full of stuff.. I've had "advocates" from the battered womens shelter fired for harassing me after court,only for her to get hired in the clerks office. Iam currently facing willful contempt charges for being unable to work. All my children are grown,but I am going to jail if " the State" doesn't get that money.

06 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Tennessee report comes from Tennessee respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Tennessee — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 76 Tennessee families reporting here are not the universe of Tennessee families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – May 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
