01 NAMED COURT ACTORS · IOWA

A name appears below only after 3 or more independent families have named the same actor in Iowa. Submitter names, emails, and contact details are never published. Comments below are direct family reports — one per family — with all identifying information removed.

Cynthia Hucks

ATTORNEY (OPPOSING) · WAPELLO · 10 FAMILIES

"There is a lot to list but the two major take aways. 1. I paid her to file and argue a contempt of court for non visitation. She filed however she never scheduled a court date. 2. I have paid her nearly 15k and I honestly believe I would be far better off if I represented myself." JEFFERSON

"She lied to me in her office and said it would be a conflict of interest if she were my attorney but proceeded to be the opposing parties attorney. I can give more detail if needed just email me."

"She helped me leave my abuser and fight for what was fair for my children. She is a busy attorney just like any good one, but her job is implacable!"

"She failed to provide me with court dates and tell me that i needed character affidavits in my daughter's custody case in 2010"

"She used manipulation tactics to get her way, lied to court, pressured me to resolve our case outside of court, and very rude!"

"Amazing lawyer, did everything I asked. She has helped me and so many other families"

"Produced illegal documents. Placed me in a room alone with her and my abuse."

"They moved up my court date. They tried to make me quick claim my house" UNKNOWN

"Litigation harassment and abuse"

"She's one sided"

Create Complaint Packet: <https://my.standwithmeg.com/reports/actors/ia-cynthia-hucks/complaint-packet>

Family-reported pattern context only. Each person must file only their own truthful, first-hand complaint using their own facts, dates, evidence, orders, transcripts, and documents.

Public threshold rule: Names are grouped conservatively by normalized spelling, role, and location. Common titles, punctuation, casing, and middle initials collapse together. Close misspellings are not auto-merged without admin review. Only family-direct submissions count toward the public threshold.

THE HEADLINE NUMBERS

IOWA AT A GLANCE.

Across 68 Iowa families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Iowa families — and families in every state — would stop being invisible to the data. This report is their record.

03 THE COST OF IOWA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	45	\$7,500	\$30,807	\$1,386,300
Lost Wages	36	\$10,000	\$100,439	\$3,615,800
Other Court Fees	24	\$450	\$9,147	\$219,525
Therapy / Evaluations	26	\$1,750	\$6,912	\$179,720
Reunification Services	14	\$0	\$1,036	\$14,500
GAL Fees	22	\$500	\$3,286	\$72,300
Asset Loss ¹	32	\$17,500	—	—
Median Family Burden (22 families reporting 3+ categories)	—	\$248,750	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least \$1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median (\$17,500) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

Mychildren have been ripped away us for false drug test results that came from the lab that are inaccurate and have kept my children from us without increasing visitation because I won't do what they want me to do. I habe asked for almost a year to get the results from the lab that does the testing and nobody would help me. I finally received the lab date package and mow have proof that their tests are faulty and not accurate ... my first attorney flat out said my office will mot be fighting these results and we will not be requesting anything from the lab. This process has been deeply taxing on both me and my family, as I continue to advocate for my child's need for stability and security. Too often, the system appears focused on achieving equality on paper, influenced by underlying biases, rather than prioritizing what is truly in the child's best interest.

— ANONYMOUS PARENT

I had 2 cases. The one I'm reporting on is my second case. I take full accountability that in my first I did not take necessary action. However, despite me absolutely taking all action requested AND THEN SOME in my second case I was viewed the same as I had literally all the same exact people involved as my first case. They were literally the personification of the ideology "once an addict always an addict" despite me paying out of pocket for drug tests that proved otherwise

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Iowa report comes from Iowa respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Iowa — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 68 Iowa families reporting here are not the universe of Iowa families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – May 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
