Elizabeth Faulkner CONTINUED 1 / 2

ATTORNEY · ULSTER COUNTY · **6 SUBMISSIONS**

> *"Represented the opposing party and, in my experience, advanced false accusations, relied on disputed documents, supported proceedings based on information I believe was inaccurate, and engaged in litigation tactics that I allege contributed to significant financial harm, loss of parenting time, and ongoing due process concerns that are now the subject of my federal civil rights lawsuit. Opposing counsel engaged in a pattern of conduct that interfered with Plaintiff's ability to participate meaningfully in the proceedings, including inconsistent and duplicative financial requests, unilateral communications and decision-making regarding the child, and actions that contributed to Plaintiff's exclusion from key aspects of the child's life. Counsel also submitted and relied upon filings that Plaintiff contends do not accurately reflect the terms placed on the record, while failing to provide access to underlying exhibits and documentation despite repeated requests, thereby limiting Plaintiff's ability to verify the accuracy of the record and respond effectively."*

> *"Liz Faulkner threatened my arrest to force me to surrender custody and support, manipulated court filings and exchange schedules without notice to suspend my child support, made false statements to the court about my daughter's medical care, submitted incomplete records to her providers, and facilitated a coerced $80,000 settlement by threatening that I would be jailed and lose my children. She has lied, changed orders that were signed, tried to extort, manipulate and threaten me with being arrested if I didn't give up custody. She used her sheriff connection to have me arrested for child endangerment. She's filed over 20 petitions and violations against me over a ten year period."*

> *"A judge called her a non-credible witness at trial."* ULSTER

> *"She told my ex-husband that he would receive full custody and pushed the case to trial. At trial, the judge stated that it was a 50/50 custody case and that she would not hear any further argument on the issue. By that time, he had already spent $80,000 on her representation, and not contributing to health insurance for his children."* ULSTER COUNTY, FAMILY COURT

> *"County executive who sabotaged my business and used a Halloween prop in 2023 to label me a threat to him even though his apex acceleration program was already being bused to my company and his IT ppl were already sabotaging my biz. He has placed his people in my court cases to go against me. He's from Binghamton NY. The attorney referee John Menard approved the first OOP in December of 2023 that had false alienation in it and the two perjurious orders of protection by the mom and fiance on August 29, 2025. Menard use to work at the public defenders office AND is from Binghamton NY. On may 23rd 2024, Darius Lind extended that Meritless OOP for a year. Lind has 3 phone numbers with Binghamton area code 607. Darius Lind's campaign for judge url connected to my second business. Lind has employment background as an IT engineer. Bello's assistant Anthony Figueroa is super shady. He is connected to almost everyone and seems to be the main source to tons of hackers in the area. Bello was a part of an insurance fraud scam on my $209k project with Christa construction. With only two weeks left and $75k profit waiting for me, Christa refused to make a payment to me, then used that insurance being cancelled as a reason to kick my company off of the job site. One of my Angi leads campaigns had a 607 routing phone system where I got no jobs and all customers came up with an excuse. One customer was Jim Whalen. He appears to be related to Gerald Whalen- chief judge of the appellate division in Monroe county. A token identity theft occurred on my new iPhone. The name associated was "Gigi ceravalo". Gail ceravalo is related to Gigi and James Bello. James is Adam's brother. (Some of this may have been spoofed on purpose to make me look crazy. But I have the screenshots and screen"*

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so New York families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF NEW YORK FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	110	$30,000	$95,191	$10,471,000
Lost Wages	92	$20,000	$201,116	$18,502,699
Other Court Fees	55	$2,500	$8,225	$452,364
Therapy / Evaluations	76	$1,100	$7,195	$546,810
Reunification Services	53	$300	$4,878	$258,550
GAL Fees	45	$0	$8,241	$370,865
Asset Loss [1]	78	$50,000	—	—
Median Family Burden (73 families reporting 3+ categories)	—	$175,000	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($50,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

> I went to family court seeking protection for myself and my child and left financially devastated, separated from my child, and stripped of any confidence that the truth mattered. After years of litigation abuse and watching blatant fraud, corruption and illegal activity allowed to continue under the full knowledge of law enforcement and oversight bodies, I hav encountered a system that seemed unwilling to correct itself. I have completely lost faith in the American justice system. I went to court seeking a simple divorce and became a victim of criminal conspiracy involving multiple actors in the Ulster County court system. My child has been irrevocably harmed. There has been no justice or correction. I now warn others to avoid Ulster County at all costs. This is an unsafe place for domestic violence victims, women and children. Not only will they offer no protection, as hundreds of victims here have reported to oversight bodies since 2017, they have created a profitable industry to further victimize women and children seeking protection. Cash for Kids exists in Ulster County, at the detriment to vulnerable families. These same court actors are reaping great profits in a RICO, quid pro quo criminal enterprise that repeatedly uses the same playbook, in the same patterns, in all of the cases.

The child trafficking industry has ruined my life & my Special needs son landins life our family's life. Idk if we will fully heal from this trauma. We will work on it. As soon as we're allowed to. When landin is home. But until then. U cant heal in forced daily trauma & thats what this is. You're grieving daily for your alive child. That's begging to come home. Yet their Captors won't let them. This evil has destroyed my body. From the stress of this case. They took my childhood home. They gave me cancer. Thankfully I cured in time. They forced me to pay for parenting course that they didn't pay me back for. I had to use my ssi money to print out court paperwork. This case cost me A lot of money. That I don't Have the receipts for. I was A victim of an arson fire. That took my childhood Home from me. If this Evil never trafficked my Son. My home wouldn't Have burnt to the ground. This evil took yrs. That I Can't get back with my Son. Milestones that I can't get back. My first born. Only son Currently. Idk if I'll have anymore kids. This evil has Stolen my joy & will to want To live. I live To see my Son returned Home safely & to heal With him. This evil Has made My heart My life Be snuffed Out & turn Black as Cole. I pray when the lord of vengeance comes back & ends this evil for Good & they suffer in hell. Forever. That's my joy. I look forward to.

Here is the revised summary: The Threat and Arrest (2021) One day before a scheduled child support trial, Faulkner called opposing counsel and delivered an ultimatum: give up custody and support, or face arrest. You refused. A family offense petition was filed the next day. Four days later, a sheriff came to your home and arrested you. Your children were brought to a police station to give statements. A second family offense petition was filed months later on the same allegations. Neither resulted in a finding of violation. Schedule and Support Manipulation Faulkner submitted a document to the court that changed the custody exchange time from 11 a.m. to 4 p.m. without serving it on your attorney. She then used the altered schedule to petition for suspension of your child support, which was granted, based on documentation your attorney never had the chance to challenge. False Statement About Your Daughter In April 2023, Faulkner told the court that a physician had recommended a psychiatric evaluation for your daughter. That statement was false and is directly contradicted by emails from your daughter's treating providers. Incomplete Documentation to Medical Providers Faulkner submitted incomplete documentation to third-party medical providers involved in your children's care, presenting a one-sided record of the proceedings. Coerced Settlement (December 2024) During settlement negotiations, you were told that if you did not pay $80,000, the judge would jail you and you would lose custody. You agreed under duress. The payment went through Faulkner's office. Your attorney witnessed this. Retaliatory Filing (2026) Following domestic incidents in January 2026, during which

your daughter filed a police report and an order of protection was issued, a PINS petition was filed against your daughter. Across eight years, the pattern is the same: criminal threats, manipulated filings, false statements, and financial coercion, all used to pressure you into surrendering rights rather than litigating them on the merits.

My biological father is a serial rapist, my mother a drug addict, my step father a felon I left my toxic family to.come to NY for a better life for myself and son. My children are my world! We lost three long years when my daughter was only three years old glued to my hip and we can never get that back, she had separation anxiety and my son was neglected to the point where he was addicted to electronics as a way to cope. My daughter had nightmares that I wasn't coming back and when I decided to homeschool the foster parents made a false education neglect report AFTER the case was closed for months traumatizing my daughter more when they came to do a wellness check, she hid under the blankets not wanting to talk to them because she didn't want to be taken. We are healing still and the case has been closed for a year and a half.. my children were taken because it is "protocol" to take children from single parents who ask for help and have no childcare. Why did they not call a crisis childcare center like the one in East NY? Doctors get laid 100's of dollars to do what neglect, abandon, abuse, and repeat? Why are lawyers who hate their job allowed to represent parents in ACS cases?? if it wasn't for Mrs. Pollack the new lawyer I wouldve lost my kids to adoption (THEY KEPT THREATENING ME WITH IT) and I wouldve off'd myself. I had to fight like hell to get my sanity back and not give up when a system treated me like a criminal for not seeking different modalities to breath again. Its not ok. There are no signs in the emergency room that says no children allowed or patient only area. If it wasn't for find my mentor Rabbi and converting to Judaism Idk if I would've had the

My kids SA abuse was not handled properly by CPS or investigated properly with the police, and intern it used against myself and my wife. It was said to be a false allegation, even though it came out of the mouth of our children, and they took their therapist. Their therapist are the ones who hotlined it. They have never gotten justice they fear people who should help them. Their sister was just taking away for the second time with no evidence whatsoever. I've been with my wife for six years. She's been going through this longer, but every day is dreading the next court date.

My ex and his attorney submitted false documentation to the court. The judge refused to allow my attorney to speak, while allowed my ex's attorney to speak at length, which set the tone. Marriage was clearly one sided and full of emotional and mental abuse. I am being forced to reside NY, although both our families are in MI. This was a traumatic experience for not only my daughter but myself as well. They ripped my daughter out of the only place she knew as home and placed her with her known abuser and completely dismissed my concerns that he had not changed because he was never mandated to seek any help for his abusive behaviors. So not only was this hard on my daughter as it was, but now she had to adjust with the fact that now her dad was trying to turn her against me and push me out of her life. I was also going to school to be a social worker, but being placed on the child abuse registry for leaving my daughter with an adult that I trusted PRIOR TO A COURT ORDER, that stated he wasn't to be with her alone, doesn't make any sense to me. I never realized how much it would affect my life but it still doesn't make any sense to me why I am even on there. No one ever spoke to my boyfriend to even come up with a kind of opinion.

My own attorney enabled legal and financial abuse by working directly with the opposing attorney to prevent me from presenting my medical evidence that showed I was in active treatment for stage 4 metastatic breast cancer, so I was no longer able to work to earn my pre-cancer salary. Because of this I ended up having essentially all my SSDI monthly benefits garnished for almost 2 years (putting my children and I way below poverty line), to pay support to my sons father, who has a six figure income and all while we had shared 50/50 custody.

Furthered the abuse and harm we were already facing. When the victims assistance center finally picked us up the night they took us to shelter I remember bawling my eyes out. The family court system didn't just drain my savings—it robbed my children of years of stability, holidays, memories, and opportunities that can never be replaced. Instead of addressing high-conflict abuse, the system prolonged it -enabled it, leaving me, a single and hard working and capable Mama- financially, emotionally, and psychologically exhausted. I felt ignored, humiliated, and dehumanized by the judge - while the conflict still continues! The judge's behavior is as if she lives to see this fight - by increasing conflict, stress and drama in the courtroom. The greatest loss has been the irreplaceable years of my children's childhood.

— SHELLEY

We have become prisoners in our own lives. We are being trafficked. If I don't say and do everything perfectly, my children can be taken from me in an instant. If I try and make any money they just take it all, making it impossible to have a normal job. My kids and I just want to leave a peaceful life without being controlled and monitored in every direction. They still won't even tell me why we're restricted. 3 psych evals and 2 mental health professionals attest that I am not, nor was I ever, a danger to my children but my ex's attorney says I'm delusional so those professionals mean nothing I guess.

— FRANCINE

Judge Sandra Munoz is biased and prejudiced against men - especially Christian men. She objects to matters opposing counsel and AFC never raised, denies evidence, withholds parenting time for no good cause, and berates people off the record. Threatened to charge me with contempt without valid circumstances, falsely stated I was evasive despite answering all her questions, and effectively made up her mind on how she would rule at trial before it even began. Distorted statements in the PC's report and also took as fact allegations that were blatantly false. Judge Munoz also directed questions to me despite my counselor's presence outside of trial and I stood up as a sign of respect to address her, and she went haywire yelling at me to sit down. Judge Munoz has political appointments and connections and acts as if above ethical judicial standards - despite being not having been recommended by the NYS Bar Association. She is also depicted on social media in pictures with Chief Administrative Judge Joseph Zayas, as well as having reported connections to Gregory Meeks - a Democrat in high political office. I write this now from a hospital bed after she berated me 2 trial dates in a row. She is completely unhinged and corrupt with no concern for truth or justice. Sandra Munoz is dangerous and on a wild power trip.

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this New York report comes from New York respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in New York — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 195 New York families reporting here are not the universe of New York families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
