A name appears below only after 3 or more independent families have named the same actor in Pennsylvania. Submitter names, emails, and contact details are never published. Comments below are direct family reports — one per family — with all identifying information removed.

Dr. Eric Bernstein

PSYCHOLOGICAL EVALUATOR · ALLEGHENY · **3 SUBMISSIONS**

> *"He made a lot of assumptions that needed litigated, repeated the other party's false accusations and didn't listen to my children's attorney or the family counselor's research who both were working closely with my children, their dad and I. In our "high conflict" "contentious" case where I was told the court system is "not equipped" to handle our case. He made a report based on opinion and ex's sabotage. Didn't investigate but made a statement there was not abuse or alienation— which both were happening."*

> *"Complete misrepresentation of administered MMPI in order to benefit opposing counsel. Was not available for rebuttal, only offered written testimony during trial. Administered an MMPI and then completely misrepresented the results and subsequent conversations in a skewed fashion to benefit only opposing side. Has been accused of this several times over 15 years."*

> *"Said one thing in report and said another in court and was bias"*

Create Complaint Packet: https://my.standwithmeg.com/reports/actors/pa-dr-eric-bernstein/complaint-packet
Family-reported pattern context only. Each person must file only their own truthful, first-hand complaint using their own facts, dates, evidence, orders, transcripts, and documents.

Public threshold rule: Names are grouped conservatively by normalized spelling, role, and location. Common titles, punctuation, casing, and middle initials collapse together. Close misspellings are not auto-merged without admin review. Only family-direct submissions count toward the public threshold.

THE HEADLINE NUMBERS

PENNSYLVANIA AT A GLANCE.

Across 164 Pennsylvania families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Pennsylvania families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF PENNSYLVANIA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	103	$21,000	$47,470	$4,889,440
Lost Wages	80	$17,500	$66,296	$5,303,678
Other Court Fees	51	$600	$3,200	$163,204
Therapy / Evaluations	68	$2,025	$5,186	$352,616
Reunification Services	51	$1,000	$3,869	$197,300
GAL Fees	46	$650	$2,602	$119,670
Asset Loss [1]	55	$50,000	—	—
Median Family Burden (66 families reporting 3+ categories)	—	$133,150	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($50,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

The family court system has robbed me of 18 months with my son after I was falsely arrested and incarcerated for "kidnapping my own son for ransom" — charges that were completely fabricated and later dismissed after a full acquittal. While I was locked up, my son's mother, with the court's assistance, obtained sole custody through an ex parte emergency order built on lies, including the same perjured "man with a gun" story she had previously used and been disproven on. This system continues to drag out proceedings with no finality in sight, protecting her perjury while punishing me for trying to be a father. This is not incompetence — this is by design. The family court system is engineered to break families apart, separate children from fit parents, and weaken the foundation of this nation. Just as they have taken my son from me, this same broken system makes it easier for outsiders to seize our inheritance, our property, and our legacy. It is a machine that destroys families and undermines the strength of our country, one case at a time

Completely destroyed a father and sons relationships! Caused me to have mental and medical issues, and this gave my narcissistic ex time to further alienate my sons from me and court forcing me to pay max support because they took my custody away completely! A crooked judge removed my parental rights and placed my son with his father who voluntarily abandoned him from the ages of 3-7 after a criminal investigation was opened on the father. The judge had police kick in my door and sent me to prison twice for trying to protect my son.

— ANONYMOUS PARENT

The system took my son, my dignity, and my voice. They manipulated a narrative that was unfounded despite working with every agency possible for interventions for my son instead.

— AMBER

The Family court is not only ruining present day families, it's ruining the mental health of the future generations. My children will spend the rest of their lives, healing from trauma that they never deserved and they had no choice in. They will spend the rest of their lives mourning the years they went without their mother that they can never get back. It's a crisis.

— EMILY

Family Court is a money making blood bath Colosseum. Most Judges do not actually care about the safety or wellbeing of children. They use our children's lives to make their pockets fatter and to feel powerful and in control. But that stops now. We are in the age of ACCOUNTABILITY for all systems. We won't stop until our children and all the future children are safe.

— CHRISTEN

I cant even talk about it. I attempted suicide 3 times and still consider trying again almost everyday.

— TAYLOR

Instead of protecting families, this system deepened the trauma. We were left dealing with PTSD, resentment, anxiety, and a child who no longer trusts the people meant to help him.The trauma caused by parental alienation and abuse didn't end when the case did — it follows our family every single day through fear, anger, and heartbreak.The damage done to my son and our family cannot be undone.

the corruption of the cys system has done nothing short of traumatizing my daughter, myself, and my brother who lives with us. we have no other family anymore, all i want to do is teach my baby girl everything and just grow with her. almost 3 years of lost time that can never be replaced or made up for.

— ASHLYN

I have my son back. My son's father/his parents attorney was found guilty of multiple things and lost her license to practice. The grandmother tried to do this again. After I already had sole custody. He was ripped from me that time for approx 3 weeks. She lied to the police I was thrown in jail. She attempted to 302 me and I was released but arrested right after. Zero trace of those charges but the mug shot I have in my phone and the list. He is special needs. I have him now and the fear always remains

> Torn my family apart, devoted protective mother who loves her children more than life itself, 2 in kinship care and a newborn in foster care at only two days old. I've been fighting and doing everything asked of me and it's still not good enough! Judge is looking to ITPR. I'm lost, confused and hurt beyond belief and now trust no sort of government officials

> My kids have been robbed of time with a father who was with them everyday and an active loving father that they will never get back. My son has been robbed of his innocence and my children have been used as pawns in my exs sick games all while the courts have enabled her behavior. I grew up without my parents. I told myself I would never do that to my kids. And then people who I'm suppose to have faith in and trust to do right by my kids have now made that a reality.

> It has financially starved my family to the point that I am unable to afford to live in my own and provide things that I would be able to on my income. My oldest is resentful because all my money goes to defending myself against her sister's father and she has been called out of class by cps for false allegations. My mother has taken from retirement. We are constantly on edge because we do not know what false allegations will come up next.

I want people to know that the courts are not fair. The judges are not fair. There should be cameras in the courtroom because the judges assigning with the other people's lawyers and the public should know what's going on inside this courthouse with the family court how damaged they are how broken they are how they're stealing our children away from us with no proper evidence. Our children are leaving good homes to go into rotten places like my grandchildren who are being strangled by the father's girlfriend and black eyes bad diaper rashes that are almost killing them and no one is doing anything in the four years that I have been dragged or caught

— ANONYMOUS PARENT

The system has shattered an already broken; but still united, family. After losing my two-year-old we were stong enough to conquer any storm; now, our whole family is in a whirlwind; confused,lost and defeated amd shown zero mercy or regard to our pssibly irrepearable bond.

— AMBER

Family Division cancelled my 4 generational family.

— ANONYMOUS PARENT

The system has made me move from my home and live in my car.

— ANONYMOUS PARENT

It tore us apart. It created a rift in the family dynamic and parental bond that will be forever scar my children and deprive them from the safety and comfort that they had before the system was involved.

— ANONYMOUS PARENT

To not have the truth seen and all ignored has been torture to our grandchild and the whole family

total destruction of the family bonds, heritage,total absorbtion of the familiy wealth PAST, PRESENT,AND FUTURE wealth too! theft of one's very own sustanance.

The father of my children utilizes the system for revenge and to fracture my healthy relationship with my children. He's a wicked individual and he will be held accountable. ⚖️

— ANONYMOUS PARENT

They took a happy thriving child and allowed a stranger with past abuse allegations and chronic alcohol problems to gain 50/50 custody all while turning this happy child into a angry child and distant kid I never met before.

— ANONYMOUS PARENT

They have destroyed my relationship with my daughter. Many false allegations that no one investigated. Criminal case kept no possession of evidence. I'm disabled and the stress and PTSD was incredible to bare. Couldn't even get my medical needs from my house. House was destroyed the 4 years I was not permitted on the premises along with damaged and missing property.

— ANONYMOUS PARENT

It is completely destroyed us. We have nothing left to give. We have given everything including things. We didn't have to just do what they wanted , to be their image of a perfect parent looks like all to be told that it didn't matter what we did it was never gonna be good enough.

This system has torn apart my family. I was my son's safe haven as a stay at home mom and his world is shattered by the courts decisions to keep him away and be so ignorant to whats in front of their faces

A CYS worker forced me to sign a safety plan, threatened that if I failed to sign my daughter would go in foster care. This was a first violation and she did not reveal my rights in the policy which I learned after the plan was signed and after I missed a hearing to appeal. She did not provide me with a copy of the document I signed at the time and this led to missing hearing

— MELANIE

My daughter's father has alienated our daughter from me, a pattern of behavior that has been going on for the past 13 years, and now I am now being called a child abuser and have a pfa filed against me, for our daughter simply because I filed for child support. I miss my baby. This is straight perjury and I will get justice for my baby and myself.

— ANONYMOUS PARENT

This system has given a criminal custody of my granddaughter, is forcing my daughter to deal daily with her abuser in order to have visitation with her daughter and the court keeps saying they do not have to reunify her with her daughter because she was given to the criminal father. The courts have still not given her son back to her, he is in foster care.

— ANONYMOUS PARENT

Family court, specifically Laura Valles and countless CYF workers have ruined my child's childhood making them grow up much faster to adapt to their father's reckless alcoholism and psychological/emotional abuse. Our child now needs homeschooled due to their complete lack of trust in adults at the age of 12. Father neglects the child and self-proclaimed themself to be a Disney dad at the hearing and then being given substantially MORE custody. Our child has no supervision and no one person in the system cares to address it.

— ANONYMOUS PARENT

The system has shown me that it is only there to protect itself. A child is now without a parent for maybe their entire childhood because one parent was trusted without question and the other was guilty until proven innocent.

> I moved to a different county with permission f the court, a year later I lost custody of my son the judge that allowed me to move said I had no business moving, accused of alienating my son from his father, accused of so much more, I even spent the weekend in the county jail for contempt that I didn't do! I'm not sure if there is enough room for everything! I can tell you we had the biggest custody in the county! I had no chance in hell all of his realitives worked in the court house! I would file it would disappear! I had proof I filed didn't matter! I lost all contact but a phone call once a week on Fridays

> The family court has taken our peace and sense of safety. Everything I do must be scrutinized to avoid retaliation and unlawful loss of custody of my child. My child is neglected in the other home. I have lost faith in my fellow man and have no faith in marriage anymore. .

> I haven't seen my 2 youngest sons in almost 2 years. I've missed out on birthdays, Christmas, Mother's Day, and so so much more. Their sister misses her brothers as well! I've been called names, talked about online, criticized, but I keep fighting and hoping for change! My oldest son just turned 18, and finally we are able to have somewhat of a relationship. It just doesn't make up for the time lost. I'm still not even sure why I lost primary custody anyways, and why nobody has been able to help me with our current custody order.

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Pennsylvania report comes from Pennsylvania respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Pennsylvania — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 164 Pennsylvania families reporting here are not the universe of Pennsylvania families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
