

THE FIGHT FOR AMERICA'S FAMILIES

Exposing the Corruption in Family Courts and CPS.

They took my kids. They tried to silence me. They WON'T.

THE HEADLINE NUMBERS

MISSISSIPPI AT A GLANCE.

Across 38 Mississippi families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Mississippi families — and families in every state — would stop being invisible to the data. This report is their record.

02

THE COST OF MISSISSIPPI FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	28	\$7,750	\$36,484	\$1,021,558
Lost Wages	16	\$5,000	\$35,918	\$574,685
Other Court Fees	9	\$1	\$2,589	\$23,301
Therapy / Evaluations	16	\$1,042	\$2,591	\$41,459
Reunification Services	12	\$26	\$468	\$5,619
GAL Fees	17	\$1,500	\$5,553	\$94,401
Asset Loss	14	\$59,000	\$107,000	\$1,498,001
Median Family Burden (12 families reporting 3+ categories)	—	\$110,550	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least \$1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

Took three healthy kids and emotionally abused them, along with their mother and maternal family, through repeated questioning by the court therapist, CPS, judge, and GAL. Took the children away from a loving mother based on false allegations, without due process or objective evidence. Full story is surreal. I consent to the use of my quotes as long as they do not mention or include mine or my children's private information. I copied and pasted from some of my open claims.

The kids have been humiliated by GAL going to school to pull them from class to talk to them...when she privately met with them multiple times without parents present. Financial strain...which only affects kids more. The courts don't care how much time passes. These are precious years wasted with these boys living in a unsettled situation that could have easily been resolved on first court date.

Emboldened an abuser to continue to abuse & oppress a mother & children after physical exodus. I've been disillusioned & no longer trust the system to help victims of abuse or represent the best interest of the children. I've learned the system is for abusers, not for their victims trying to survive in peace. Perjury doesn't exist in family court. Evidence is not necessary for lies to be believed. It doesn't matter what you can prove. It matters most where the judge's bias is.

06 HOW TO READ THIS REPORT**WHAT THIS IS**

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Mississippi report comes from Mississippi respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Mississippi — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 38 Mississippi families reporting here are not the universe of Mississippi families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – May 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
