THE HEADLINE NUMBERS

# PENNSYLVANIA AT A GLANCE.

Across 104 Pennsylvania families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

## WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Pennsylvania families — and families in every state — would stop being invisible to the data. This report is their record.

## 02 THE COST OF PENNSYLVANIA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

| Expense Category                                           | Responses | Median    | Mean     | Total Reported |
|------------------------------------------------------------|-----------|-----------|----------|----------------|
| Attorney Fees                                              | 66        | \$32,500  | \$59,134 | \$3,902,840    |
| Lost Wages                                                 | 50        | \$20,000  | \$70,986 | \$3,549,278    |
| Other Court Fees                                           | 37        | \$600     | \$2,876  | \$106,420      |
| Therapy / Evaluations                                      | 44        | \$2,275   | \$5,631  | \$247,766      |
| Reunification Services                                     | 39        | \$250     | \$1,959  | \$76,400       |
| GAL Fees                                                   | 36        | \$185     | \$2,571  | \$92,570       |
| Asset Loss <sup>1</sup>                                    | 42        | \$40,000  | —        | —              |
| Median Family Burden (40 families reporting 3+ categories) | —         | \$168,245 | —        | —              |

**Median vs. mean:** Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least \$1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

**1. On asset loss:** One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median (\$40,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

It ruined trusting adults and people in power positions meant to protect them (OCY, GAL) Mentally and physically ruined my health as I am currently on SSI due to being medically disabled with chronic pain. Narcissistic emotional abuse took a toll On my health as well as all of the physical, psychological, and emotional wellbeing of my children which all led to the last crt ordered counselors advising EMDR therapy for the trauma they experienced in their childhood. Perpetuated post-separation and financial abuse. Judge stopped previously ordered sexual trauma eval ordered by hearing officer after testimony from children's counselor and visit supervisor regarding concerning behaviors in Father's presence, Judge cut trial time in half and witness list by much more, judge did not do forensic interviews, CPS failed to investigate and Father refused cooperation with investigation, police failed to collect evidence of SA, judge asked for evidence ahead of trial, judge did not allow closing arguments, Judge hastened order due to staff needing to leave trial early for family events. Instead of protecting families, this system deepened the trauma. We were left dealing with PTSD, resentment, anxiety, and a child who no longer trusts the people meant to help him.The trauma caused by parental alienation and abuse didn't end when the case did — it follows our family every single day through fear, anger, and heartbreak.The damage done to my son and our family cannot be undone.

— JENN, ELK COUNTY, PA

Drama stress and anxiety dramatize my son and neglecting abuse into my son has received and no one wants to listen to Medicaid in them without authorization really emotional

— GEORGIA

the corruption of the cys system has done nothing short of traumatizing my daughter, myself, and my brother who lives with us. we have no other family anymore, all i want to do is teach my baby girl everything and just grow with her. almost 3 years of lost time that can never be replaced or made up for.

I have my son back. My son's father/his parents attorney was found guilty of multiple things and lost her license to practice. The grandmother tried to do this again. After I already had sole custody. He was ripped from me that time for approx 3 weeks. She lied to the police I was thrown in jail. She attempted to 302 me and I was released but arrested right after. Zero trace of those charges but the mug shot I have in my phone and the list. He is special needs. I have him now and the fear always remains

— HEIDI

The system tried to break me and has physically, mentally and emotionally hurt my children. I stood with my head held high and fought to help my children understand and work through the trauma that the system caused. As a mother that has been through it don't stop fighting for yourself and your children

— CHRISTINA

The system has traumatized my child in a manner she is forced to endure condoned alienation and parental interference with a "do better" from the court.

I want people to know that the courts are not fair. The judges are not fair. There should be cameras in the courtroom because the judges assigning with the other people's lawyers and the public should know what's going on inside this courthouse with the family court how damaged they are how broken they are how they're stealing our children away from us with no proper evidence. Our children are leaving good homes to go into rotten places like my grandchildren who are being strangled by the father's girlfriend and black eyes bad diaper rashes that are almost killing them and no one is doing anything in the four years that I have been dragged or caught

— ANONYMOUS PARENT

The system has shattered an already broken; but still united, family. After losing my two-year-old we were strong enough to conquer any storm; now, our whole family is in a whirlwind; confused, lost and defeated and shown zero mercy or regard to our possibly irreparable bond.

Family Division cancelled my 4 generational family.

The system has made me move from my home and live in my car.

— ANONYMOUS PARENT

It tore us apart. It created a rift in the family dynamic and parental bond that will be forever scar my children and deprive them from the safety and comfort that they had before the system was involved.

— ANONYMOUS PARENT

The system has caused severe trauma to my son and myself. Trauma they claim to be protecting my child from. They are the ones who have caused the trauma, ripping my son from my arms.

— ANONYMOUS PARENT

To not have the truth seen and all ignored has been torture to our grandchild and the whole family

— ANONYMOUS PARENT

total destruction of the family bonds, heritage, total absorption of the family wealth PAST, PRESENT, AND FUTURE wealth too! theft of one's very own sustenance.

— ALLEN

The father of my children utilizes the system for revenge and to fracture my healthy relationship with my children. He's a wicked individual and he will be held accountable. ⚖️

They took a happy thriving child and allowed a stranger with past abuse allegations and chronic alcohol problems to gain 50/50 custody all while turning this happy child into a angry child and distant kid I never met before.

— ANONYMOUS PARENT

They have destroyed my relationship with my daughter. Many false allegations that no one investigated. Criminal case kept no possession of evidence. I'm disabled and the stress and PTSD was incredible to bare. Couldn't even get my medical needs from my house. House was destroyed the 4 years I was not permitted on the premises along with damaged and missing property.

— ANONYMOUS PARENT

It is completely destroyed us. We have nothing left to give. We have given everything including things. We didn't have to just do what they wanted , to be their image of a perfect parent looks like all to be told that it didn't matter what we did it was never gonna be good enough.

— ANONYMOUS PARENT

This system has torn apart my family. I was my son's safe haven as a stay at home mom and his world is shattered by the courts decisions to keep him away and be so ignorant to whats in front of their faces

— LISA

A CYS worker forced me to sign a safety plan, threatened that if I failed to sign my daughter would go in foster care. This was a first violation and she did not reveal my rights in the policy which I learned after the plan was signed and after I missed a hearing to appeal. She did not provide me with a copy of the document I signed at the time and this led to missing hearing

— MELANIE

I have also been but on child support which does not allow me to build a life for myself in America. I am an immigrant with a permanent green card and completely alone. The family court has cost me everything

The system has shown me that it is only there to protect itself. A child is now without a parent for maybe their entire childhood because one parent was trusted without question and the other was guilty until proven innocent.

— ANONYMOUS PARENT

I moved to a different county with permission f the court, a year later I lost custody of my son the judge that allowed me to move said I had no business moving, accused of alienating my son from his father, accused of so much more, I even spent the weekend in the county jail for contempt that I didn't do! I'm not sure if there is enough room for everything! I can tell you we had the biggest custody in the county! I had no chance in hell all of his realitives worked in the court house! I would file it would disappear! I had proof I filed didn't matter! I lost all contact but a phone call once a week on Fridays

— ANONYMOUS PARENT

It took a beautiful, safe, loving family and turned us into an anxiety riddled broken mess who barely has the will to live. My daughter is cutting herself and I am barely hanging on. It has almost made me turn to substances but I can't and won't fail us.

— ANONYMOUS PARENT

The family court has taken our peace and sense of safety. Everything I do must be scrutinized to avoid retaliation and unlawful loss of custody of my child. My child is neglected in the other home. I have lost faith in my fellow man and have no faith in marriage anymore. .

## 06 HOW TO READ THIS REPORT

### WHAT THIS IS

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Pennsylvania report comes from Pennsylvania respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Pennsylvania — not to replace formal research, and not to name individual judges or counties as responsible parties.

### WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 104 Pennsylvania families reporting here are not the universe of Pennsylvania families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

### METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – May 2026 through [standwithmeg.com/family-rights-survey](https://standwithmeg.com/family-rights-survey). Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte-Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
