ATTORNEY · WAPELLO · **14 SUBMISSIONS**

> *"Barely touched my case- did not prepare me at all for our temp custody hearing. I should have gotten primary custody and she had every thing in her back pocket to use. I ended up getting 50/50. Never responded to emails. Charged me for every single one I sent her though. I paid a $3,000 retainer and she is now trying to bill me another $900. When my soon to be ex husband was calling my work multiple times and I notified her she said "how does this affect you?" I fired her, and while switching attorneys my soon to be ex husband was filing a complaint with the state to get me fired."*

> *"There is a lot to list but the two major take aways. 1. I paid her to file and argue a contempt of court for non visitation. She filed however she never scheduled a court date. 2. I have paid her nearly 15k and I honestly believe I would be far better off if I represented myself."*

> *"Filed a petition for custody WITHOUT stating a TPO was in effect, then continued the TPO hearing - twice, against 1st judge's orders - to July 30th, then filed to take custody to TRIAL, now scheduled July 13th - as per Judge Joel Yates, of course"* JEFFERSON

> *"She lied to me in her office and said it would be a conflict of interest if she were my attorney but proceeded to be the opposing parties attorney. I can give more detail if needed just email me."*

> *"She helped me leave my abuser and fight for what was fair for my children. She is a busy attorney just like any good one, but her job is implacable!"*

> *"She failed to provide me with court dates and tell me that i needed character affidavits in my daughter's custody case in 2010"*

> *"She used manipulation tactics to get her way, lied to court, pressured me to resolve our case outside of court, and very rude!"*

> *"Amazing lawyer, did everything I asked. She has helped me and so many other families"*

> *"Produced illegal documents. Placed me in a room alone with her and my abuse."*

> *"They moved up my court date. They tried to make me quick claim my house"*

> *"Read above notes regarding this individual"*

Joel D. Yates

JUDGE · WAPELLO · **5 SUBMISSIONS**

> *"I was told to settle before a trial because this judge would not roll in my favor, no matter what because I wasn't man. The opposing party I had Cynthia Hucks and I was told she had him in her pocket. Was told he does not believe in 50-50 or joint. I was told by my last attorney to not go up against my ex with this judge because he does not rule in favor of father's and does not think 50-50 is ever in the best interest of the child always rules for mothers. I was told Cynthia has him in her pocket."*

> *"Ignored violations of TPO, extended TPO hearing without addressing violations or following previous judge's orders (Amber Thompson), told me to file an answer to the mediation petition filed against me (Cynthia D. Hucks) and postponed TPO hearing to July 30th. Now has signed a motion to go to TRIAL FOR CUSTODY on July 13th for a child PROTECTED FROM PETITIONER by the TPO which isn't to be heard (if not continued AGAIN) on July 30th..."* JEFFERSON

> *"DHS allowed the father do a bridge for child support even though the child stays with him two days a week. I requested to move the date to another date any other date but one it is set for due to my appeal hearing being on that date. He refused. It's clear they all work together when I can't get one court date moved. Extremely frustrating."* HENRY

> *"He denied me constitutional rights to direct the care and upbringing of my children. There was a hearing over the childrens cell phones I wanted access too. He ordered phones be turned over to CFR Magistrate Misty White and all evidence was deleted that I needed for evidence of opposing parties psychological abuse to my children"*

> *"Read above notes regarding this individual"*

She is also completely against me getting my kids back when I have 14 NEGATIVE test results— one being a hair stat. Repeatedly asks the judge to put a pat ch on me when I am allergic to adhesive and have shown proof of my allergies and submitted them as evidence."* DES MOINES COUNTY

> *"Made life altering decisions for both MY DAUGHTERS initially with out ever actually talking to or meeting either one of them. She did finally have a phone conversation with them towards the very end of my termination case."*

> *"She was completely one sided and unprofessional in staff meetings as well as in court. Refused to admit there was no evidence and that the child was a habitual story teller which she also repeatedly admitted in court."* HENRY

> *"Gal had not even met with my 2 granddaughters until we brought it up in court. She would chohurse them on what to say! She told me, just let LHawk take them, who knows he may just hand them over in 3-4 years."*

> *"He couldn't show content on joint legal custody and got me child support for 4 kids and I only have 3. Didn't fight to remove the dual order and then withdrew after the money ran out. He cost me over $15,000 due to his incompetence and still going up monthly"*

IOWA AT A GLANCE.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Iowa families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF IOWA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	63	$8,500	$45,377	$2,858,750
Lost Wages	46	$10,000	$192,433	$8,851,901
Other Court Fees	26	$45	$7,870	$204,614
Therapy / Evaluations	32	$850	$5,533	$177,070
Reunification Services	18	$0	$878	$15,800
GAL Fees	27	$0	$4,493	$121,300
Asset Loss [1]	38	$20,000	—	—
Median Family Burden (25 families reporting 3+ categories)	—	$229,000	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($20,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

> This nightmarish state intervention was instigated by a jealous ex (who quit his job at REM Iowa over a couple of the mentally impared patients apparent accusing him of *grape*), which DHS and Four Oaks corruptly weaponized through illegal gossip, forced drug allegations, and malicious sabotage. The intimidation escalated to the point where they even sent my sister's DHS worker Ashley HabHab to show up at my door to deliver the initial report on the exact day she had her final visit with her children. Enabled by my own attorney's sickening malpractice and fake sympathy, this systemic corruption stole our child, fractured our relationship, and left my grandmother profoundly depressed and permanently robbed of the grandbabies who were are her entire world-almost as much as they are mine.. those two girls were my best friends my everything thats just what i was meant do was be their mommy, even one of the four oaks workers told me theyd never seen a parent and their children have the kind of bond that i had with my baby girls.... and they just stripped me of my most valued and most important title the one that made me whole; "Mommy". Our whole family has just slowly fell apart since all of this. My grandma barely smiles anymore. Im scared theyre gonna forget us, or hate me when they get older. Im defeated.

They won't even let me file electronically, but my abuser was given an exemption from e-filing previously! I have a special needs child from a previous relationship, a son who is NOT biologically of the abuser, either - this is outright warfare against the innocent. Money hungry. Doesn't do what is in the best interests of her clients. 0/10 recommend. Put your money elsewhere.

Family court's six-year custody battle has ignored evidence, alienated your son, and cost your family milestones

Judge Joel Yates and the Wapello county court and family system have zero interest in learning about parental alienation. They are not therapists and do not take actual therapists recommendations into account. Joel Yates is incompetent in family court matters as he does not keep up with research, therapy recommendations, nor does he see any issues in separating siblings and families due to parental alienation.

Caused severe P.T.S.D. as well as put a major damper on my personal relationship with my daughters as well as my current relationship & my social life due to D.H.H.S. coming to my home weekly.

I've missed time with my daughter. Holidays and what not. She's been severely struggling without her mom present. No concern from the courts and no interest in reunification.

Torn apart my entire family

They took a civil divorce and caused it to not be civil and then dismissed herself from the case and leaving us in financial ruin and not divorce and no agreement in place for our son.

Torn out whole family apart

Riped a daughter away from her mother to place her with someone who is going to hurt her again. He is now on the run, still in active addiction, but he was the In better interest for our daughter?

This process has been deeply taxing on both me and my family, as I continue to advocate for my child's need for stability and security. Too often, the system appears focused on achieving equality on paper, influenced by underlying biases, rather than prioritizing what is truly in the child's best interest.

> I had 2 cases. The one I'm reporting on is my second case. I take full accountability that in my first I did not take necessary action. However, despite me absolutely taking all action requested AND THEN SOME in my second case I was viewed the same as I had literally all the same exact people involved as my first case. They were literally the personification of the ideology "once an addict always an addict" despite me paying out of pocket for drug tests that proved otherwise

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Iowa report comes from Iowa respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Iowa — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 110 Iowa families reporting here are not the universe of Iowa families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
