Andrew Bolton CONTINUED 1 / 2

GAL / CHILD REPRESENTATIVE / OTHER · MIAMI · **17 SUBMISSIONS**

> *"Has not spoken to anyone I asked him to speak to, including people whom are in direct contact with my children in school. Set a separate hearing inregards to his fees not being paid, which I had paid 50% of his fees. Refused to speak with me in person. Told me he always meets the first time via Zoom. I attempted to reach out to him after our Zoom call and was told that all future communications would be dealt with between attorneys."* LINN COUNTY

> *"Hand-picked by Judge Richard Fisher. Refuses to review my evidence. Believes all allegations against me. Won't allow me to choose my own reintegration therapist — required to use his buddy Naomi Catadella. I lost my kids to the REAL abuser and Andy Bolton and Richard Fisher painted me as crazy, took my voice."*

> *"The system allowed my abuser to escape all consequences to the point of his criminal charges being dismissed and helped Dad turning me into the abuser. The system has stripped me of any belief that leaving my abuser was the right choice. I wish I would have stayed — at least I would still have my children."*

> *"Gave 50/50 custody to my ex, that my children have said sexually assaulted them (went through due process and just because she was a scared 3 year old and wouldn't tell forensic investigators they deemed it unfounded) Bolton still gave father 50/50 and recommended co parenting therapy."*

> *"Ignored evidence. Did not investigate. Sided with bias due to ex communicating and me going through my lawyer. Literally yelled at me in court, misconduct and the judge even called him out."* FRANKLIN

> *"GAL. Did nothing. Was a puppet for the case manager. Kept trying to get off our case and was finally dismissed by the judge."*

> *"Accused me of being wrong for being in an abusive relationship and didn't talk to any witnesses I provided."*

> *"Heard he's not allowed in Miami county now, but is still on cases in neighboring counties"* 6TH DISTRICT / MIAMI COUNTY

> *"Didn't interview witnesses or children involved. Was aggressive towards us, yelling."*

> *"Placed children into foster care refused to talk to them"*

Naomi Cataudella CONTINUED 1 / 2

REUNIFICATION THERAPIST · JOHNSON · **11 SUBMISSIONS**

> *"She refused to let me have a pen and paper. She took my phone so I could not make notes. She was the first supervisor assigned to me after my children were taken on January 29, 2024. During our meetings, she gave me constantly shifting and conflicting rules about how I was allowed to behave. I was told I could not cry in front of my children—even though they had just been taken from me without the chance to say goodbye—and that if I did, they would be removed from the visit and I would not be allowed to see them again for two weeks. She denied ever saying those things, despite having clearly stated them before. Without warning, she told me she would no longer serve as my supervisor. I left that meeting in tears, completely broken. That moment was not just an isolated incident—it was the beginning of a pattern that has kept me separated from my children for over two years."*

> *"Absolutely the worst person of the case. I believe she has been given some unexplainable reign over the court system and went on a power trip. Maybe she had one successful case and was since considered an "expert"? However, no one kept that in check. Not only did she destroy me emotionally and mentally, but she did so to my children as well. We've all needed therapy to help us recover from HER. She has flat lied in court reports. She has flat out caused more chaos and "high-conflict" than was originally even there. Unfortunately, I am too scared of what she can still do with my case if I say more. I'm sorry for everyone that has to deal with her. If she is recommended to you by anyone in the court system, absolutely object and RUN."*

> *"We had to see her, pay $170 each time, for her to yell and tell us we were messing our kids up by not getting along. We didn't get along because my ex husband would lie, call CPS on me which never amounted to anything, she would tell me how awful we were. I literally had to sit with my abuser in a room with her & listen to her tell me I wasn't fair."*

She would say she hates working with us. She would give horrible stares downs. She was rude and unprofessional near every session. She never solved our issues."*

> *"Reintegration therapist forced on me by Andy Bolton — described as Bolton's buddy. Located 2.5 hours away from my home. I was required to use her, not allowed to choose my own."*

> *"She gave me 1 hour and then issued a report to my detriment. Never saw me with our kids. In my opinion is part of a corrupt system used in Johnson County KS."*

> *"Ordered removal of my five children without a full hearing, without any witnesses or ever asking me if the allegations were true, and still has not given me a real hearing while I have been separated from my kids for over two years, and requires me to find and pay for supervisors with unrealistic requirements like providing their full case history before he will even set a hearing, which has made it nearly impossible to see my children."*

> *"Ignored evidence. Made me pay for supervised visits for my ex who attempted suicide in front of my 5 year old. Ignored evidence. Didnt question false statement from custody evaluator"*

> *"The court system has taken away my son's mother, my other kids' brother. Kevin O'Grady needs to be exposed — he claims he does things for the kids' safety. No, he breaks families."*

> *"Doesn't do shit. Named alongside attorney Katie McClaflin and GAL Andrew Bolton in the conflict that "fucked us all up.""*

Bethany Roberts

GAL / CHILD REPRESENTATIVE · OSAGE · **8 SUBMISSIONS**

> *"This lady is oblivious to evidence, psychology, and anything relevant to a "child's best interest". What a disgrace to family law...period. She has allowed numerous court ordered violations, that literally show the mental issues with the other parent, which were discussed and she literally tried to make me the perpetrator. That was the end of it for me, I have gone 100% gray rock for all the people involved except the child. I really hoped for one non-corrupt person in all this, but I literally found none other than my own attorney at the time."*

> *"Never met with the primary custodial parent of 12 years nor was that parent given the opportunity to submit evidence. She knew no one in the hallway when we finally got a hearing after the children were removed. She didn't know the children's teachers, coaches or counselors. She even attempted to intimidate a witness in the hallway, the school counselor. She then recommended the children and family to see a therapist that was not properly licensed."*

> *"Spoke to me for only 15 minutes. Made a court recommendation based on this single 15 minutes conversation. Never spoke to my child, and was seen in quiet conversation with my ex's new wife in the court room during a recess. I am fairly convinced that Bethany and ex's wife are somehow related."*

> *"Bethany Roberts failed to properly investigate my concerns, dismissed allegations of abuse without meaningful inquiry, and accepted my abuser's denials at face value, which further harmed and divided my family."*

Randy McCalla

GAL / CHILD REPRESENTATIVE · JOHNSON · **8 SUBMISSIONS**

> *"This is the single biggest trauma of my life. Guardian Ad Litems are the biggest threat to the family court system and their power must be checked. Randy McCalla ambushed me in court in 2013 — a standard custody hearing — claiming my rights needed to be terminated due to parental alienation. He presented no evidence, and I left court shocked and without my kids. Randy didn't allow me to talk to my kids for 5 weeks. He told me in his office that he knew the judge personally as if to imply she would do whatever he wanted. The therapist Randy insisted on using shared an office with him."*

> *"Caused permanent and irreparable harm to my children's mental and physical health as well as to my entire family. Blackmailed by Randy McCalla. Ex parte communication between attorneys and court appointed medical professionals. Falsified court hearings with custody-modifying orders when no hearing ever occurred."*

> *"Randy McCalla, GAL in my custody case; ordered psychological evaluations, multiple interviews with children, but in my experience the findings/recommendations and children's concerns were disregarded, which escalated conflict and harmed family stability. He ignored years of documented abuse."*

> *"Filed the emergency motion that led to my children being taken, never spoke to me, and instead worked with my ex, his attorney, therapists, and DCF while leaving me completely out and continuing to push for me to stay separated from my kids."*

> *"Functioned more as an advocate for a third-party visitation claim than as a neutral representative for the child and did not submit a formal written GAL report."*

Jacquelyn Ellen Rokusek

JUDGE · JOHNSON COUNTY · **5 SUBMISSIONS**

> *""In our experience before Judge Rokusek in Johnson County, Kansas, the family court system appeared to favor one parent while allowing repeated violations, prolonged litigation, and unequal accountability, forcing our family into severe financial hardship, including foreclosure risk, additional jobs, and plasma donation to survive. The years of conflict, interference with therapy and activities, and instability imposed on our children damaged their well-being and relationships, while concerns regarding incomplete financial disclosures and misconduct went largely unaddressed." Judge Rokusek has allowed the ex wife's hidden assets and financial fraud and overwhelming litigation initiated by ex wife and multiple missed discovery deadlines to go without sanctions or consequences."*

> *"Extreme conflict of interest with GAL she assigned to case. Has kept mother on strict supervised visitation for only 2 to 4 hrs per week for nearly 2 years. Issued temp order of sole custody to father for last school year but has refused to revisit the case, set status hearings or ease restricted visitation even though mother complied with court orders."*

REUNIFICATION THERAPIST · JOCO · **4 SUBMISSIONS**

> *"Has had counseling with my daughters for eight months and will not listen to them that they do not want to return to 50% custody with their father and says that they have to go back and otherwise they have to keep coming to him. My girls have told Dan that they know that Dan lies, and Dan minimize their problems that they are addressing... And that he only sides with the father. He has made a point that only stepmother is a problem and that that's going to be fixed. He does not believe the girls issues and has told case management that there's enough alienation from my part that they don't trust anything the girls have said or that I have said. He rolls his eyes back in his head, and does this weird expression when he doesn't like what somebody is saying. It's been seen enough times that people laugh about it. My daughters have a friend who they have ran into at his Counseling and they have all discussed conversations that none of them like him because he doesn't listen to the girls, and he only sides with the fathers. Any female is to not be listened to, and only the men's point of view matters."*

> *"Was assigned to help restore contact with my kids but allowed my ex to keep them from sessions, canceled visits over payment, made me spend over $5,000 before I could even see them, I spent over $10,000 total, and then he suddenly dropped me based on what my ex said, which stopped reunification completely."* JOHNSON

My ex was insidiously infiltrating our son's mind, and before I knew it, my son was completely against me. In 2024 my ex filed a motion for full custody using outlandish allegations and emergency custody with no evidence or due process — the judge signed the order that same day. It's been a year now since I've seen my son and I have yet to have one hearing."*

THE HEADLINE NUMBERS

KANSAS AT A GLANCE.

Across 283 Kansas families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Kansas families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF KANSAS FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	180	$25,000	$54,569	$9,822,452
Lost Wages	136	$10,000	$41,947	$5,704,762
Other Court Fees	92	$1,450	$5,970	$549,225

Reunification Services	90	$500	$3,618	$325,599
GAL Fees	125	$3,500	$8,751	$1,093,830
Asset Loss [1]	103	$30,000	—	—
Median Family Burden (146 families reporting 3+ categories)	—	$99,100	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($30,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

The Johnson County Kansas family court system is a cesspool full of narcissistic and incestuous behavior by these so-called officers of the Court.

She's even ordered me to do things that significantly negatively impact my children that I'm the primary care giver for with no support system. One child with special needs. She doesn't care. He's lied and contradicted himself many times demanding harm to me which should be a red flag for coercive control and a need for power and control. To hear that what's being demanded would be harmful to my children and he pushed for it knowing it doesn't affect him shows incredible desire to cause more harm. Significant lack of empathy. Even an attorney recognized this person isn't seeking resolution, he seeking to cause harm. It's obvious but the judge refuses to see it and has become his tool since he lost access to me any other way.

My exhusband had criminal charges for taking the life of our unborn child through DV and would not allow my daughter to get me medical help.He was charged for 1 misdemeanor (domestic battery) and 1 felony charge (intimidation of a minor) in 2022. GAL Heather Landon was on the case at the time and continued to force the children into reintegration therapy even though the DA said it would taint the case. I had sole custody of all three children from 2021 to 2024. The children started talking with Father, made claims against me now, which caused a CINC case against me. Father's charges were dropped due to him gaining contact with the older children through GAL John Domoney and TFI agents. My youngest daughter was with me still until October of 2025, I could no longer afford to take her to reintegration with Naomi Catadeulla 2 1:2 hrs away from my home once a week and 4 other appointments with sandy Boltons case managers and therapist Janderon Lyold. The GAL believes all allegations against me. Won't allow me any contact with the kids. I don't even know where they are living, go to school nothing and on paper, I still have sole custody. Andy will not allow me to chose my own reintegration therapist, I have to go to the one father demands, his buddy Naomi Catadella. My youngest daughter is 10, she can't sleep without me. The therapist are lying that she is scared of me. I lost my kids to the REAL abuser and Andy Bolton and Richard Fisher painted me as crazy, took my voice. Please let there be someone that can help me.

> The system ultimately failed my kids. My kids had to deal with years of harassment, lies, manipulation from their father, and the court still hasn't held him accountable for it. Now myself and children are in therapy, I still have to make my 2 youngest go 50-50 with him. He lost custody of our oldest 1.5 years ago due to GAL recommendations. I've been put into financial hardships from paying for attorneys, therapists, and other fees only for him to get away with the horrible things he's done. They don't care about families. They care about lining their pockets.

I have not seen my children in over 16 months. I was ordered to do counseling, of which my children seldomly attended. My children are suffering in school, failing classes, suspensions, and etc and GAL hasn't spoken to anyone of importance or done his job. Children's mother falsely accused me of abuse and has bought my children's love all while telling them lies about me. After years of fighting to do what is best for my children.....I have finally given up. Once you understand how the system works, only a fool would believe they could win going against it.

The system has retraumatized me repeatedly, increased my disability symptoms from the extra stress and trauma to the point that I can't work, caused my children to be traumatized from the acts and behaviors of the other party. It has left me bankrupt, put me back in an unsafe situation, with my children experiencing threats of harm from the other party. DV doesn't stop when you leave, the abuser weaponizes the legal system.

It demolished my nervous system, made repeating myself a PTSD trigger, created a phobia of police, my son was institutionalized because the DA ignored the schools concerns just to traumatize me, it put us in survival mode. I can't be my childrens payee because I was punished for not playing along and they didn't report his placement right away and I was trying to keep a roof for him to come home to. Always hoops, hassle and punishment for existing all these years later. I'm so tired of being punished for having lived a nightmare, my reputation was destroyed in my hometown so I'm scared to go visit my family, and people treat me like a villain because of my accusers lies while she's assumed to be a hero.

Never, in the history of humanity, have children had their medical, educational, adjudicative, due process and administrative needs met by a series of portals and videoconferences set up entirely in response to a pandemic that has long passed. Children are being sold back to their own parents, most of whom have no failed drug tests, no findings of incompetence, and no criminal histories, by a series of tele-lawyers, tele-judges, tele-doctors, tele-social workers and tele-GALS who are using their licenses, wealth and influence to run what is essentially a lucrative human trafficking racket under the guise of law.

For four years, I fought through a family court system that completely failed my children and me. In a small town where my ex-husband was a well-known doctor, it felt like every professional involved already believed his version of events before I was ever heard. I was forced through humiliating supervised visitation for nearly a year, subjected to guardian ad litem investigations and a Child in Need of Care case that never should have escalated the way it did, while my children were emotionally traumatized in the process. The people who were supposed to protect families instead empowered manipulation, intimidation, and abuse. I lost irreplaceable years with my children because of a system that gave one person power, influence, and credibility while treating me like I had to constantly prove I deserved to be their mother. In order to finally bring my children home, I was pressured into signing paperwork giving up 41 months of child support — something I later learned should never have been used as leverage against custody or parenting time in the first place. Even after court-ordered support was established, he still paid only what he wanted while contributing nothing toward helping our children build their futures. The emotional damage to my children, the financial devastation, and the years we can never get back are the true cost of what this system allowed to happen.

— TAMIE

Family Court does not have fiduciary representation for the members of high-cost attorneys. The Attorneys collaborate with Judges and Social Workers for their firms best interest. Not the actual client.

— ANDREW

I fought for my children with everything I had in me. I followed every rule, met every demand, jumped through every hoop they placed in front of me, but all they did was move the finish line. The system was never built on fairness, it is built on power. And when you stand against it, they will do anything to bury it. They are untouchable, hiding behind procedures while breaking the very family it claims to protect. It took my voice piece by piece, until I no longer recognized myself. It drained my strength, my hope, my will to keep going. Losing a child to the system like this isn't just loss, it's erasure. It's being told that your love, your effort, your truth... wasn't enough. But I know what I did. I know how hard I fought. And even if the system refused to see it, that fight was real. That love IS real. And no system, no matter how corrupt or powerful, can take that truth away from me. I will never stop fighting.

Court assigned officials in JoCo are not all fit. There MUST be a way for the very people this system is intended to "benefit" to have feedback of providers. Checks and balances of providers should be visible and traceable. JoCo is very much pro-white man privilege. Men are rewarded for providing a fraction of effort (time and money) compared to the expectation of women. Women are held to such a very different standard. "This system didn't just fail us, it chewed us up on a clerical mistake, treated fiction like fact, and called it justice while my family paid in time, money, and sanity. We weren't convicted by evidence, we were processed by indifference."

— SHAWN

I thought the family court system was designed to help families in time of need. I quickly learned that people of power that wear black robes forget what their actual job is. I have lost all faith in that system and will continue to stand against them until they earn my respect or actually do their job. I didn't choose divorce, but I had to accept it. What I will not accept is the fraudulent court system taking my time, money, and right to raise my children.

Made me lose complete faith in the system . Favorite quote is the system isn't broken. It's rigged. It sure the he'll is. And it's hurting our children in so many ways that can't be measured by data alone.

They made records public so people could see what I did. Violation of privacy

Instead of protecting my children, this system has enabled disruption, ignored critical concerns, and created outcomes that have damaged our family's stability, trust, and long-term well-being. The family court system has fractured my family across three cases, replacing stability with conflict and allowing inconsistent decisions and broken processes to erode my children's relationships, security, and trust.

— MEAGAN

I was bullied, slandered, abused, gaslit and lost custody not based on my character, finances, background, parenting skills, being safe, history of primary caregiver but because they had more family support than I did.

I didn't lose my children because of the truth. I lost years of their childhood while watching disputed evident be accepted, authentic evidence go unheard, and a system that seemed more committed to protecting itself then finding facts. My case deserves independent review, and so do countless others. If my experience reflects a broader pattern, then exposing it isn't about my case anymore. It's about protecting the next family.

— SAMANTHA

The hardest lesson I learned in family court was that patterns do not disappear just because they are ignored. When abuse is treated as an isolated incident, evidence becomes negotiable, opinions become powerful, and accountability becomes optional. That is when I realized the abuse had not disappeared. It had simply found another face.

The only power I truly have, is that over myself, and lucky for me, and you, we can choose peace NO MATTER WHAT ANYONE ELSE IS CHOOSING. Make your reality what you want it to be, once choice at a time.

The damage th8s caused has affected not only her, growing up thinking her mom didnt want her in ineumerable ways. The sadness my other kids felt in losing not only losing her in their lives, but also the betrayal of someone they thought was there to help us. My heartbreak i cannot begin to explain and carry to this day.

Sedgwick County, Kansas family court allowed parental alienation of the dad through extreme gross negligence. I suspect they are monetarily benefitting from the 'charity' that helped my lying ex without ANY evidence.

I am an adult, and in no way a victim. However, I have had to watch my child suffer at the hands of people that are in no way shape or form doing it for the "best interest of the child". Alienation, abduction, lack of education, psychological abuse, financial abuse, reactive abuse, and a situation where the child almost lost their life.

My family and life were ripped apart to keep USD 232 from consequences, and the lies told by multiple bad actors only impact me since there is no accountability for them.The only evidence available is the same evidence that would exonerate me but it would require unbiased court actors to look at it that way.

This system has torn my family apart, and created so much fear in my body that I now am on an antipsychotic medication just to be able to function in society because my PTSD and Depression/Anxiety are sometimes too much to handle.

It has taken my life

After a long tedious divorce process that was finalized in 2023, I was thrilled to finally put it behind me. I asked for 50/50 custody and no child support (although the court enforced $200/month from my ex). He was insidiously infiltrating our sons mind though and before I knew it, my own son was completely against me insisting to me during our time together he wants to live with his father and that I was clearly an incompetent mother, etc. In 2024 my ex filed a motion for full custody using outlandish allegations against me. Shortly after and without my knowledge he filed for emergency custody with no evidence or due process that same day the judge signed the order. It's been a year now since I've been able to see my son and have yet to have one hearing.

Every bit of joy in my life, is what they took from me. I get told all the time, I wish the old you would come back and sadly, that person no longer exists. My children have been roobed of so many memories that they could have made with not only myself, but their little cousins that they were so excited about, a very special bond my daughter and sister had since the day she was born (more than 10 yrs ago) my son of having a father to raise him and a relationship with their grandparent. It's forever changed my whole family.

Used us for financial gain

Broke an entire family apart, turned my family against me, forced me to have to fight for over two years to get my daughter back. I literally went to hell and back to get my daughter back, I got a different child back, emotionally, mentally, she was different and would never be the same. I would never be the same.

> I lost a dearly beloved member of my family; my mother in lost the only grandchild she had. I suffered a loss of income that ultimately led to eviction from an apartment and the lies spread caused a significant hit to my reputation. I am now filing bankruptcy. I had to undergo forensic police questioning for the grossest of crimes - and that's a mental scar I cannot erase.

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Kansas report comes from Kansas respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Kansas — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 283 Kansas families reporting here are not the universe of Kansas families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
