THE HEADLINE NUMBERS

MARYLAND AT A GLANCE.

Across 59 Maryland families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

CHILDREN IMPACTED	MEDIAN FAMILY BURDEN	MEDIAN MONTHS LOST	WENT PRO SE
106	**$368,500**	**18**	**45.8%**
58 of 59 families reported child counts	median across 16 families reporting 3+ categories	of parenting time	27 of 59 who answered; 20 of 59 ran out of money

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Maryland families — and families across every represented location — would stop being invisible to the data. This report is their record.

02 THE COST OF MARYLAND FAMILY COURT

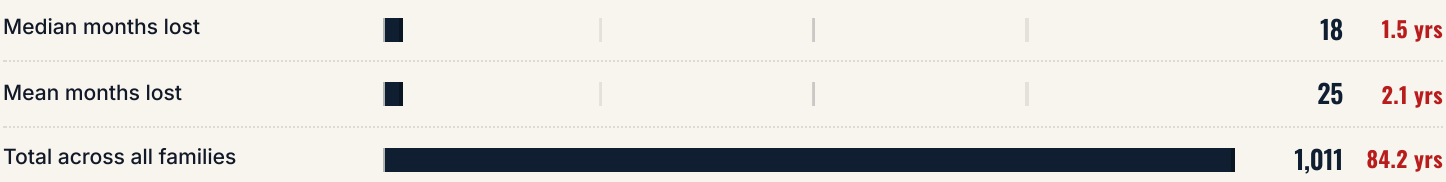

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	43	$26,000	$70,698	$3,040,000
Lost Wages	24	$15,500	$178,396	$4,281,500
Other Court Fees	14	$3,000	$3,844	$53,820
Therapy / Evaluations	14	$1,350	$5,979	$83,700
Reunification Services	14	$0	$664	$9,300
GAL Fees	15	$2,000	$6,033	$90,500
Asset Loss [1]	18	$62,500	—	—
Median Family Burden (16 families reporting 3+ categories)	—	$368,500	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($62,500) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

— KACIE

This system has shown me that it favors a mother no matter what. Despite overwhelming evidence to prove my ex-wife was lying and abusing the system to "win" the divorce I lost custody of my kids, I was kicked out of my house several times, I have lost about 20 months of time with my kids that I was heavily involved with for their entire lives as a stay-at-home dad for many years of their lives. I was crushed and due to my ex-wife's poor choices our kids suffered more than anybody ever did. I did everything to protect my kids but the "silver bullet" hit hard. I tried everything in my power to ensure they were kept out and to try and finalize the divorce amicably but my ex thought she could lie to the courts so I wouldn't get her retirement. Total between both parties spent was well over $100k which could have gone towards the kids and many other things. I was jailed for 70 days for allegedly waving to my 3 year old daughter. I was facing 5 years for showing up to watch my 16 year old daughter play volleyball on her 16th birthday. I did not contact her and the school was not on the list of places not to go, but I was arrested and am now on probation for 3 years for simply going to my daughters volleyball game at a location that I was freely allowed to be at.

06 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Maryland report comes from Maryland respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Maryland — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 59 Maryland families reporting here are not the universe of Maryland families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
