A name appears below only after 3 or more independent families have named the same actor in Montana. Submitter names, emails, and contact details are never published. Comments below are direct family reports — one per family — with all identifying information removed.

Camisha Sawtelle

GAL / CHILD REPRESENTATIVE · CHILD ATTORNEY · **3 SUBMISSIONS**

> *"She represents a lot of kids in this county. She is not a family lawyer, she is an environmental lawyer. She never stands up for the children. Unless family comes forward and wants the kids, she seems to rally for certain foster parents to keep kids, over family. We have reached out to her over all the abuse allegations, she won't even respond."* FLATHEAD COUNTY

> *"She does not stand up for or advocate for the children. The first week the kids were back with their parents, they were choked. She didn't see anything wrong with it"*

> *"She defamesmy character all the time. She fought tooth and nail for my children to not go with our aunt, who is already a licensed foster home"*

Dev Haegele

CPS WORKER · FLATHEAD COUNTY · **3 SUBMISSIONS**

> *"She came on the case and the 1st visit she was terrible to us. Then said she was returning the kids to the abusive parents. We are the aunt and uncle to the birth mother."*

> *"CPS worker. She is allowing the kids to stay in an abusive environment. Treats the kinship foster parents extremely bad"*

> *"She lies and put children in harms way all the time"* FLATHEAD

Jodi Christiansen

CPS WORKER · FLATHEAD COUNTY · **3 SUBMISSIONS**

> *"Ahe is the cps supervisor. She neglects to supervise. She lets all the workers under her play God and just goes along with it."* FLATHEAD

> *"Cps supervisor. Lets all the workers under her go rogue and do what they want. Will not return calls."*

> *"She is the CPS supervisor she allows the people under her to go rogue and do whatever they want."*

Create Complaint Packet: https://my.standwithmeg.com/reports/actors/mt-jodi-christiansen/complaint-packet
Family-reported pattern context only. Each person must file only their own truthful, first-hand complaint using their own facts, dates, evidence, orders, transcripts, and documents.

Public threshold rule: Names are grouped conservatively by normalized spelling, role, and location. Common titles, punctuation, casing, and middle initials collapse together. Close misspellings are not auto-merged without admin review. Only family-direct submissions count toward the public threshold.

THE HEADLINE NUMBERS

MONTANA AT A GLANCE.

Across 69 Montana families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Montana families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF MONTANA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	48	$15,500	$40,598	$1,948,700
Lost Wages	40	$20,000	$50,569	$2,022,756
Other Court Fees	29	$250	$1,718	$49,818
Therapy / Evaluations	35	$2,000	$5,592	$195,728
Reunification Services	17	$500	$2,200	$37,400
GAL Fees	24	$400	$3,200	$76,800
Asset Loss [1]	30	$19,500	—	—
Median Family Burden (33 families reporting 3+ categories)	—	$120,000	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($19,500) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

The father of my child is the son of a well known State Senator. I have been subject to financial physical abusive, coercive control, and my child has been abused. The court system has been weaponized against us, and my 1 year old child unlawfully taken away. I was used for a human breeder, and they are trying to discard me. I hear stories that I am not the first and will not be the last. I have went through over 80 attorneys explaining my case, no one will accept my case. There is no transparency, and transcripts are provided to me 30 days to months later, running the clock on appeals. The GAL was appointed by the abusers attorney and remains a permanent fixture and a tool for abuse.

— ANONYMOUS PARENT

I didn't learn about Judicial ethics in school, I learned about them in the Park County Courthouse. I learned that power without accountability and transparency is dangerous. When judges have personal relationships: business, family or professional and still sits on a case where that connection exists...that's not a gray area. That's a line and it should not be crossed. People stop believing in justice because it looks like decisions are being made before a parent even walks into the room and silence where there should be disclosure. It looks like a system trying to protect itself...instead of protecting the people.

— MANDY

They then took Alzheimer's off my father's record and said he had Parkinson's due to his agent orange exposure. They mixed up my father and my medical records in the medical system and tried killing my current wife because she saw through the slander. They were prepared to let me die as well with a tumor in my spinal cord and hid it behind the false allegations of racism and discrimination. 07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Montana report comes from Montana respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Montana — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 69 Montana families reporting here are not the universe of Montana families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – October 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
