K. Lee Stribling

GAL / CHILD REPRESENTATIVE · LAMAR · **3 SUBMISSIONS**

> *"Ignored evidence, demonstrated bias, and relied on tampered documentation. He reviewed a CPS report and met with counsel but took no action. Nineteen months later, at trial, he claimed that what I had done was "so horrific and I was abusive," even though he had already reviewed the same records months earlier. The evidence is in his itemized billing. His actions ultimately cost me custody. The judge ordered both parties to undergo psychological evaluations. My ex-husband never completed a psychological evaluation, but I did, and mine was used against me. The GAL justified my ex-husband's failure to complete the evaluation while using mine against me while he called me crazy. I also have a recording of the CPS worker stating that someone falsified documentation. In addition, I have a recording of the court-appointed therapist saying, "They gave me your psychological evaluation right before I got on the stand and told me to focus on that." Former GAL (permanently withdrew), did not investigate, biased, absolutely unprofessional. Taking CPS allegations and claiming them as facts; CPS caseworker stated there were falsified documents in a recorded conversation; ignoring serious medical concerns; tampering with medical documents; traveling from New Orleans to Hattiesburg, Mississippi, which appears strange; aggressive emails; withdrawing, then coming back for a hearing, and then permanently withdrawing from the case; and much more as well."*

> *"Absolutely awful. Unilaterally raised his rates and billed for 3 years with a higher rate than the court order granted him when appointing him. Ignored evidence. Suppressed evidence. Told my ex I was on meth. Called me a liar. Kicked my youngest son out of his office. Sent that son home with his abusive father the night of trial day #2 — immediately following that son testifying against his dad in court — which went against the GAL's narrative. And so much more. My bar complaint (which was ignored) had 30+ exhibits of evidence attached."*

> *"Heard my initial filing. Granted DAPO on the spot based on all the evidence I brought with me. Made me promise I would never go back to my ex. Told me to get my kids and go to my parents for safety until things could be legally figured out."* LAMAR COUNTY 10TH DISTRICT

THE HEADLINE NUMBERS

MISSISSIPPI AT A GLANCE.

Across 69 Mississippi families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Mississippi families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF MISSISSIPPI FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	43	$6,000	$30,544	$1,313,378
Lost Wages	27	$6,000	$34,424	$929,455
Other Court Fees	15	$175	$2,615	$39,226
Therapy / Evaluations	25	$1,270	$3,274	$81,839
Reunification Services	14	$26	$437	$6,119
GAL Fees	28	$1,750	$4,805	$134,551
Asset Loss [1]	26	$21,500	—	—
Median Family Burden (25 families reporting 3+ categories)	—	$65,000	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($21,500) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

Child Protection Services are suppose to protect children and if able under circumstances of reportance help in every way to keep families together. Their legal duty is to investigate, listen to children and family and do what they can to keep a family together, reunify, or place children where they are safe and can live a happy, healthy safe life to ensure a beautiful future. Instead this system takes their authority to in fact do the exact opposite. A mother of 4 that was very unprotected as a daughter resulting in being an overprotective mother, I will not let this system take that away from me for an anonymous report, laziness and their authority. I will fight until my kids are home and this systematic agency is broken, like they have done so many families !

Financial strain...which only affects kids more. The courts don't care how much time passes. These are precious years wasted with these boys living in a unsettled situation that could have easily been resolved on first court date.

Emboldened an abuser to continue to abuse & oppress a mother & children after physical exodus. I've been disillusioned & no longer trust the system to help victims of abuse or represent the best interest of the children. I've learned the system is for abusers, not for their victims trying to survive in peace. Perjury doesn't exist in family court. Evidence is not necessary for lies to be believed. 07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Mississippi report comes from Mississippi respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Mississippi — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 69 Mississippi families reporting here are not the universe of Mississippi families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – November 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
