A name appears below only after 3 or more independent families have named the same actor in Virginia. Submitter names, emails, and contact details are never published. Comments below are direct family reports — one per family — with all identifying information removed.

John Whitbeck

ATTORNEY · LOUDOUN COUNTY · **4 SUBMISSIONS**

> *"John Whitbeck claimed to have an understanding of DV/coercive control and its impact on divorce and custody cases. He did not do anything to protect me and my children from our abuser and instead caused us more harm by angrily advising me I had to "just let things go" and "be the bigger person" which ended up with me being verbally and emotionally abused by my ex spouse. The firm is poorly run and the attorneys are unnecessarily arrogant, rude and demeaning."* POWHATAN

> *"Is literal drinking bunnies with plowman and Fisher and my attorneys the Graham law firm and Miriam Ibrahimi both owned by John Whitbeck."*

> *"Opposing counsel"*

Robert Louis Harrison, Jr

JUDGE · BEDFORD · **3 SUBMISSIONS**

> *"Decided the case before I stepped foot in the court room. Entertains all false allegations if they're made by the mother in the case. Dad is guilty until proven innocent. Even the local attorneys call this fraud a squirrel and don't know what to expect when they step into his court room. He doesn't listen. Manipulates CS guideline calculations to maximize support obligations with zero evidence to support the claims. Suppressed evidence at the first trial. Didn't provide clear order at the second. Mother's interpretation of the written order provided her more time. After a motion to rehear, it became evident the judges intent was to increase my time, as 50/50 was granted but the judge has dismissed 3 motions to amend child support since then and manipulated numbers each time to dismiss as "insufficient" change. Guy was indicted on wire fraud charges prior to presiding over J&DR when he was an attorney for a grant related to a local but national memorial. Paid his way out of jail. No surprise he's out to collect IV D funding if it means falsifying guideline calculations to do so."*

> *"Was called a gatekeeping dumbass + charged with contempt for not giving my parenting time to my abuser (who harasses me daily for MY court ordered time with the kids). ZERO accountability for men. Judge Harrison engaged in conduct raising serious due process concerns, including hostile courtroom behavior, profanity toward mom, and repeated contempt proceedings based on allegations contradicted by documented evidence. Made disparaging remarks on the record and issued a contempt ruling over a custody time dispute, despite the time being explicitly granted to me under the standing court order."*

THE HEADLINE NUMBERS

VIRGINIA AT A GLANCE.

Across 156 Virginia families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Virginia families — and families across every represented location — would stop being invisible to the data. This report is their record.

03 THE COST OF VIRGINIA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

EXPENSE CATEGORY	RESPONSES	MEDIAN	MEAN	TOTAL REPORTED
Attorney Fees	93	$26,000	$57,769	$5,372,510
Lost Wages	63	$15,000	$172,884	$10,891,699
Other Court Fees	44	$2,100	$5,572	$245,170
Therapy / Evaluations	54	$2,500	$21,613	$1,167,110
Reunification Services	34	$150	$3,104	$105,520
GAL Fees	50	$2,250	$12,831	$641,557
Asset Loss [1]	47	$50,000	—	—
Median Family Burden (59 families reporting 3+ categories)	—	$151,650	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers. **Median Family Burden** is the median of total reported expenses across families who reported costs in 3 or more expense categories with a combined total of at least $1,000 — a true median of real family totals, restricted to families who filled out enough of the financial section to characterize their case and excluding obvious data-entry artifacts.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median ($50,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

Never ever sign or notorized any document giving someone authority to take care of your child without a return date that you have money to fight for in court. Do not trust anyone to help you that says they wil when they will not meet with you in person and do not trust you g adult children to help you if they are resentful. Tape record all conversations, only use email to communicate with CPS.

The court has destroyed my relationship with my daughter and made it impossible for me to see her. It financially destroyed me and made it impossible for me to pay support and live.

It destabilized my children's sense of safety and well-being while dismantling the financial and life structure I had built over decades to protect them.

The system is intentionally destroying family units for monetary. It has made each member of my family living in a constant survival state.

I lost contact with my daughter due to her being put with her coercive controling father. She is continuing to struggle with her identity, emotional regulation, and mental health. My only concern is seeing her stable and happy.

— CHRISTIN

We went into family court seeking consistency and careful consideration of our concerns. Instead, our family left with trauma that has changed each of us and may never fully heal.

Didn't get treatment for one child putting her life at risk

This has destroyed any trust my little girl has in her daddy. She is so addicted to phone/ tablet after she returned and no longer prays when before she was on fire for Christ.

Told a bunch of lies and harmed the child

Falls ligation by wife, pregnant with another man's baby post affair used allegation to gain house and Custer of children 6 months after she left and allegations made as she would have found out pregnant.

It has taken a child with documented sexual and physical abuse, put him back with his abuser and taken me the protective parent out of his life. Allowing the abuser and the LCSW who has an inappropriate relationship with the father, and made it so that they get to decide when I see my son. I have to pay the LCSW $100 an hour for visitation, while she reads over the visitation notes in court and fabricates what happens/happened during that visit.. when she states that visitation didn't go well, or after taking a "clinical" look she thinks that I shouldn't have anything but supervised visits at her facility where she gets paid.

— SIDNEY

Instead of protecting my family during a vulnerable custody matter, this system allowed my trust, finances, and relationship with my child to be placed at risk while I was billed heavily and left fighting for accountability. It turned a parent seeking help into a consumer of expensive legal harm, with little meaningful protection or recourse

> Completely broken me inside and out from the constant weight of stress placed on me at a very vulnerable time in my life being I was a stay at home mother before this. My children are suffering physically and emotionally as well with constant infections or injuries while I've been away. They are 2 and a 1/2 and 1. Can't tell mom. Dad doesn't let me speak to them. I am homeless. I am unemployed.

> This system has denied my children access fair access to their mother & awarded full custody to a previously uninvolved father who has worked tirelessly to erase my existence and deny my contributions while simultaneously stripping me of my home; financisl resources; all marital income & all other resources.

> In Bedford J&DR, fatherhood is a purchase, not a right. Mother's statements are taken as fact and father is guilty until proven innocent. It's clear the Bedford J&DR courts "best interest standard" is not about the child, but about the title IV D funding.

> Our family was torn apart by allegations and hearsay before our evidence was ever fully heard. Logan lost stability, Brittany lost time with her child, and we lost our home, finances, and peace while trying to fight a system that felt decided before we even walked into court.

> Awarded my abusive, suicidal husband unsupervised visitation with our son during our separation against the testimony of the supervised visitation agent. Ignored a protective order and continued violations of that order. Would not grant emergency hearings when GAL discovered unfit conditions in my abusive husbands living arrangements and behavior. Granted me physical custody but would not implement or enforce child support.

07 HOW TO READ THIS REPORT

WHAT THIS IS

The Family Rights Registry is a public, parent-reported data collection run by Stand With Meg. Every figure in this Virginia report comes from Virginia respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Virginia — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 156 Virginia families reporting here are not the universe of Virginia families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. Response counts and percentages use the number of families who answered that specific topic or financial field. The Median Family Burden headline is the median of total reported expenses across families who reported in three or more expense categories. Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – November 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

Dollar fields exclude blank, negative, and obvious data-entry artifact values above the report's field caps. When asset-loss values contain a strong statistical outlier, the asset-loss mean and total are suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county or regional field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 3 independent families name the same actor.
