

THE FIGHT FOR AMERICA'S FAMILIES

Exposing the Corruption in Family Courts and CPS.

They took my kids. They tried to silence me. They WON'T.

THE HEADLINE NUMBERS

MINNESOTA AT A GLANCE.

Across 39 Minnesota families reporting through the Family Rights Registry, the patterns are consistent: long durations in court, serious financial loss, and a disproportionate number of parents going unrepresented because they ran out of money fighting.

WHY THIS REPORT EXISTS.

On January 29, 2024, I lost custody of all five of my children.

- NO TRIAL.
- NO QUESTIONING.
- NO SUBSTANTIATED ABUSE.

It took only a signature on an ex parte emergency order to erase a mother. I refused to disappear. I fought back, and built the Family Rights Registry so Minnesota families — and families in every state — would stop being invisible to the data. This report is their record.

02 THE COST OF MINNESOTA FAMILY COURT

Legal fees are the largest reported expense, but they are not the only one. Lost wages, evaluation costs, and reunification services compound the financial loss — pushing most families toward pro se representation once their savings run out.

Expense Category	Responses	Median	Mean	Total Reported
Attorney Fees	25	\$15,000	\$54,032	\$1,350,800
Lost Wages	19	\$12,000	\$93,895	\$1,784,000
Other Court Fees	20	\$1,400	\$23,258	\$465,154
Therapy / Evaluations	19	\$500	\$7,789	\$148,000
Reunification Services	17	\$0	\$14,332	\$243,650
GAL Fees	19	\$200	\$7,279	\$138,309
Asset Loss ¹	23	\$20,000	—	—
Estimated Median Family Impact	—	\$49,100	—	—

Median vs. mean: Median is the middle reported amount, so it better reflects the typical reporting family when a few very large expenses appear. Mean is the average across reporting families and can be pulled higher by outliers.

1. On asset loss: One respondent reported an extreme outlier that skews the mean beyond usefulness. We report the median (\$20,000) and suppress the mean and total, pending data-quality review. Lost Wages also contains wide variance; median is the honest headline.

06 HOW TO READ THIS REPORT**WHAT THIS IS**

The Family Rights Registry is a national, parent-reported data collection run by Stand With Meg. Every figure in this Minnesota report comes from Minnesota respondents who voluntarily submitted survey entries about their experience inside family court and/or CPS.

This report is built to help families, advocates, reporters, and legislators see the patterns emerging in Minnesota — not to replace formal research, and not to name individual judges or counties as responsible parties.

WHAT IT ISN'T

This is not a representative sample. Respondents self-select. The 39 Minnesota families reporting here are not the universe of Minnesota families in court — they are the families who found the survey, trusted it enough to submit, and told us what happened to them.

Financial figures are self-reported. We flag outliers and report medians when means are distorted (see page 3, note 1). Quotes are minimally edited.

METHODOLOGY · FAMILY RIGHTS REGISTRY

Data in this report was collected April 2024 – April 2026 through standwithmeg.com/family-rights-survey. Submissions are timestamped. Duplicate-submission heuristics use normalized email + location, with direct survey rows preferred over legacy rows and the newest row retained within each source. Categorical responses from multi-select and short-answer fields are normalized monthly.

When a respondent's financial entry differs from the population by more than three standard deviations, the mean is suppressed and only the median is reported. Lost-wage, attorney-fee, and asset-loss entries are self-reported and not corroborated against tax records or court filings.

Geographic reporting uses the county field as submitted, with light normalization (e.g. "Butte silverbow" → "Butte–Silver Bow"). Quotes carry one of three public permission states: *Anonymous*, *First-name only*, or *Full attribution with consent to public use*. Court actor names appear only after 5 independent families name the same actor.
